SO WHAT

The top subject of the moment is Christmas. Everywhere we hear about parties being planned, presents to be bought, and, of course, the old but tried slogan of, "Do your Cristmas shopping early."

Among the many parties we have heard of, is a gala event by the Lake Merced Auxiliary of the Veterans of Foreign Wars, which includes many ladies in Colma and Broadmoor.

Mrs. Blanche Cavero, president of the group, said that her members were planning to put on fetes that will top anything they have done up to now, and that includes plenty.

No, not just one, but several that will delight all the members of the family, meaning pop, the kids and the cousins. Then as if that weren't enough, there will be New Year galas as well.

Meanwhile, Mrs. Cavero revealed that the recent apron sale, held at King's market, had made a clear profit of $30, which was being sent on to the VFW's orphanage at Eaton Rapids, in Michigan.

At this point, we would like to have a brief word with the kids: There are too many of you popping off with air rifles. Daily, complaints are being made about being hit with BB shot. Better cut it out before serious trouble starts. . .

Speaking of the small fry, here is a plan on how to get them out of your hair on Thanksgiving morning, when you will be busy preparing the delicious gobler. The Daly City Theatre will have a special show for children, starting at 10 a.m. and over at 12:15 p.m. The feature will be "The Spirit of Stanford."

By the way one of the little ladies has quit her job to await the stork. She is Mrs. Virginia Wentz, of Flournoy street.

Turning to the American Legion in Colma, we learn it will have a social meeting next Wednesday at the Community Center, in Broadmoor. There will be movies and free refreshments for members.

"Dame Fortune Smiles," is the title of this tale. . . For some time, Albert Olivieri, a young and ambitious chap, had wanted to get in business for himself. It took shape in his mind as a Pfc., during the long and lonely nights, way out in the Pacific, while the Japs were still acting tough.

He thought about his own she-

D. C. Is Over Top In Community Chest Drive

Collecting close to $3,000 Daly City went well over the top in its Community Chest drive this week, Paul Green, general chairman, said.

The goal was $2,500 and until this week it looked as if the community might not reach the sum. However, thanks to the untiring efforts of several citizens Daly City went over the top.

Most of the final sum was collected from the residential districts, Green said. However, the merchants also contributed a good share of the money.

Particular praise must to go Mrs. Jane Keith, residential chairman; Mrs. Hilda Heagney, treasurer; Frank Lombardi and Tom Laramie, business chairmen and all the other men and women who helped Daly City reach its goal.

All of the money collected will go for the support of such groups as the Boy and Girl Scouts, blood bank, YMCA and other institutions.

Hearing Nov. 21 On SP Rate Boosts

A public hearing on the Southern Pacific's proposed fare increases will be held November 21 at 10 a.m. in the Redwood City courthouse.

Earlier last month the railroad asked for rate boosts between San Francisco, San Jose and Los Gatos and intermediate points.

The Monday hearing will be before the state Public Utilities Commission represented by Commissioner Rowell and Examiner Jacopi.

All interested parties are invited to attend the hearing, R. J. Pajalicn, secretary of the commission, said.

ROGER ROUSSILLE... "IT'S A PIP, A REAL PIP"

This is the gentleman who seems to be a second cousin to Lady Luck, herself. At the present time Roussille is working on a mysterious product called "PIP" in the basement of a Daly City home. Inspiration for the name comes from a recent trip to France from which Roussille almost didn't return thanks to bandits with a desire for wealth and handy with guns.

Roger Roussille, Daly City Man, Is Lucky With Bandits, Women And Friends

Luck with a capital "L" has always seen fit to smile on Roger Roussille, 113 Knowle Circle, South San Francisco, now operating a "still" in Daly City.

But it isn't liquor he's turning out in the mass of boilers and coils in the basement of the home of Robert Bernard, 50 Moltke. No, it's some mysterious beauty aid, known today only as "PIP."

More about this product will be published soon in the "Record," as will full information about a plant Roussille and Bernard will open in South San Francisco within the next few months.

Now it is with luck, bandits and women that this story is concerned.

Last year, October 23, 1948, to be exact, Roussille and his family sailed for France and the French Riviera. This was the beginning of a one-year trip that was to take the congenial Daly City advertising man through almost every country in Europe.

Combining pleasure with business, Rousille went to France to see his home town of Bordeaux and also to study the ways of making French perfume. It was some of this valuable information on perfumes that soon will be used in Roussille's Cote d'Azur products.

The European trip might have been like most other trips, but for one event.

Only two weeks before Roussille and family were to return home, they were driving a few miles out of Bordeaux. It was late at night, and but for the moon sliding over the tops of the trees lining the road, there was little or no light.

Suddenly the car swerved, as a back tire blew out. Roussille climbed out of the car, found the tire flat. Without more than a small curse, he set to work to put on the spare.

Everything was going nicely, until he'd just about tightened the last nut. Then, zing . . . the sharp explosion of a bullet cut through the night air.

"Quit your joking, I'm busy," was Roussille's only reply to the shot. No, he wasn't brave. He only believed some one of his friends was shooting blanks.

Zing . . . another bullet exploded.

Roussille gave the same reply, but this time he wasn't so confident. His brother, inside the car, assured him someone was actually shooting.

Then the words "Hands up," verified his brother's suspicion.

Outlined in the spotlight of his car, Roussille promptly put up his

Sound System Soon For City Council

Believing that the voice of government should be loud and clear, the city council this week was exploring the idea of installing a sound system in the council chambers.

A bid has been received by the Monson Electric company, San Francisco, to put in six mikes and amplifiers at a cost of $475. Next week the company is going to demonsptrate the system to the council.

If the sound equipment proves adequate, the council will authorize the purchase, Mayor Paul Green said.

At the present time poor acoustics in the city hall chamber make it almost impossible to hear the councilmen beyond the second row of seats.

Under the plans for a sound system, each of the councilmen and the mayor and the city clerk would have a mike to amplify their every word.

Brownie Leader Course Concludes

Ended today is the Brownie Introductory Course held at the San Bruno scout house for the past eight Wednesday mornings.

About 30 future Brownie leaders and committee members received their certificates from Miss Carolyn Passanneau, field director instructor of the course.

Some of the highlights of the course were a cook out in San Bruno park, learning songs and games and how to conduct a meeting. A lot of interesting ideas were exchanged between the leaders.

How to make a flower pot container from a phonograph record, how to make a dish garden, making things with plastic, are some of the things Brownies learn.

Each leader had to have 12 hours to her credit before she qualified for her certificate.

$225,000 Is Cost Of Blvd. Land For Cloverleaf

A record judgment against California of $225,000 was awarded Monday to owners of property to be used eventually for the cloverleaf at the junction of Junipero Serra and Alemany boulevards.

The severance damages were awarded by a jury in Redwood City in Superior Judge Scott's court. A San Francisco theater man, Irving M. Levin, and his brother Robert and their wives were awarded $195,000 for four and one-half acres.

Another $30,000 went to the Ocean Shore Railroad company for 1.1 acres.

News of the judgment came as good news to those people in the Westlake area who have been asking for such a cloverleaf. When the new traffic route is complete, it will carry traffic over Serra boulevard to West Alemany boulevard.

At the persent time it is necessary to swing into Junipero Serra off of Highway No. 1 before getting to Alemany boulevard.

The cloverleaf also should answer the present traffic problem at the intersection of Highway No. 1 and Junipero Serra, where without benefit of signal lights.

However, no indication was given by the state as to when the cloverleaf would be built.

Levin had asked for $400,000 for property facing on the west side of Serra. He claimed he had planned to build a community shopping center in the district.

Girl Scout Heads Complete Courses

Completion of a progressive outdoor cooking course was recorded today by 12 Girl Scout leaders of the North San Mateo County federation.

The course began in September and continued through until last Thursday. The first course was in the back yard of the Colma chief of police, and under the direction of Mrs. E. E. Gould.

Some 10 methods of outdoor cooking were practiced by the group, including a day at the beach mastering the art of cooking in a reflector oven.

The course ended in the back yard of Mrs. R. E. Damon of Broadmoor with a barbecue.

Certificates were presented by Mrs. Gould to ladies completing the course. Among these were Mrs. Carevano and Mrs. Orovitch of Colma and Mrs. Mary Larson of Daly City.

Meanwhile, Girl Scout Troop No. 1 met last Saturday in Mrs. Larson's back yard for an "outdoor ady." During that period the girls cooked outdoors and, without realizing it, passed a number of requirements for two badges.

RECORD RAINFALL STRONG WINDS HIT DALY CITY

With record rainfall and 40 to 50 mile winds lashing at Daly City Wednesday, several minor accidents and floods were reported to the Department of Public Works.

Worst trouble was registered in the Junipero Serra district where A. J. Bodien, works superintendent, reports water charged over the curbs and into the basements of many stores and houses.

A grocery store and service station at School and Station streets were almost flooded out by the rain water which refused to use the drains. Before the sewers could be cleaned by the city workers, the rain had swept thru the basement of both the store and station. However, damage was reported at a minimum.

The police department received scores of calls from people complaining about plugged gutters, and fearing that light poles or trees would blow down. Despite their alarm, the city fared well in this respect and except for a few smaller trees and branches the landscape was untouched.

Almost an inch and one half of rain fell in the Daly City area during Tuesday night and Wednesday morning, the weather bureau reports. Last year total rainfall from June 1 to date here was approxpimately .60 inches.

To get an idea how strong the winds were, Bodien reports that the man hole cover, weighing well over 25 pounds, at Templeton and Mission was blown off and down the street.

One reassuring word was given by Bodien:

"If we have any more rain, chances are the drains will carry off most of the water. We had floods because during the summer all the pipes were clogged with waste That's all been washed out now," he said.

Still, for those who don't want to take chances there's always Florida.

Fire Hits Twice Within Six Days At Daly City Home

Striking twice within a period of six days, fire broke out in the home of Chester Hillegas, 149 School street.

Damage at both fires was at a minimum, although Hillegas will need to redecorate a back room and apply somep fresh paint to the rear of his house.

The first blaze was Saturday, October 29, when Hillegas left a hot iron on in a rear room, Daly City firemen report. This started a fire which singed the walls of the rear room before firemen were able to bring it under control.

The second blaze was last Friday afternoon. Firemen believe Hillegas was burning rubbish in the back of the house and a wind carried sparks against the house. Again the fire alarm rang.

This time blaze busters combatted flames for one-half hour before they brought them under control. Final result was that the back of Hillegas' home was burned and a lot adjoining the house was cleared of all dry grass.

Meanwhile, hose hoisters went out on a false alarm Monday evening when a neighbor reported smoke was billowing from a house at box 43, Bellevue and Templeton.

When the fire laddies arrived they found the smoke was excess steam coming from an overheated water tank. The steam was turned off, and the firemen went home. No damage was reported.

NEW BUILDING FOR HAAS MOTORS WILL BE ERECTED HERE SOON

Carl Haas, Local Dodge Dealer, Has Had Varied Experiences In Both Armed Service And Commercial Career

With an eye to the future and an ever growing business, Carl Haas, a representative in this are of the Dodge and Plymouth motors, has acquired the site at the corner of Citrus and Mission streets to erect a new and permanent home for his undertaking. When he will move to the new location, measuring 92 by 100 feet, has not been definitely set as yet.

But moving and growing is no new experience for Carl Haas. He has been doing just that since he left the Naval Academy at Annapolis. Preferring a commercial career, he joined the forces of the Southern Pacific Railroad, in the lowly capacity of inkwell washer.

But six years later, he progressed to the accounting department. Moreover, he was the youngest accountant in his division with the railroad.

Then the lure of the west caught his fancy. He came to San Francisco to join the staff of Schilling and Company, manufacturer of spices and coffee.

Next, the Commercial Investment Trust Incororapted sought his services where he remained until the second World War involved the United States.

Forthwith, he enlisted in the navy where his early training stood him in good stead. In fact, when the Japanese were weakening, he was a two and a half striper—a Lt. Commander.

During the turmoil, Haas became interested in motors. So what was more natural than for him to turn to the automobile business when he was mustered out.

He learned that the Pantaleoni Brothers in Daly City wanted to sell out. He inspected their place,

(Continued on page 8 col. 4)

NORTH COUNTY COUNCILS PLAN INDUSTRY SURVEY

Calling for an overall survey of San Mateo County, and the northern area in particular, for proposed industrial sites to bring payrolls and added assessed valuations to the area, the North County Councils met last Thursday in a dinner meeting at South San Francisco.

The North County Councils consists of the city governments of Millbrae, San Bruno, Colma, South San Francisco and Daly City.

Mayor Leo Ferko of South San Francisco was host and master of ceremonies. Mayor Paul Green, City Attorney Frank B. Blum and Councilmen A. J. Gaggero, Edw. J. Mooney and Fred Bertetta attended from Daly City.

The Council went on record for a program to develop north county industrial sites and to take steps to attract new industries to locate in northern San Mateo County.

Mayor Green reported on Daly City's new city-owned ambulance; all other San Mateo county cities depend only on County ambulance facilities.

The group meets every two months to foster plans for the improvement of northern San Mateo County and has made requests to the county Board of Supervisors for better ambulance and hospital services, better roads, sewage and transportation facilities.

Next meeting of the Council will be held in Daly City on the first Thursday of January, 1950.

S. S. F. Mayor

Mayor Leo Ferko of South San Francisco was host to North County Councils, consisting of city governments of Millbrae San Bruno, Colma, South San Francisco and Daly City last Thursday at a dinner meeting during which plans for improvements in northern San Mateo County were discussed.

Young Boy Hit By Car While Looking For Dog

Recovering from a lacerated right arm today is 5-year-old William Camp, 6925 Mission street, victim of an automobile accident Monday afternoon.

Young Camp was treated at the Junipero Serra hospital and released shortly after he was struck by a car driven by Justin Vanderlaan, 29, 817 Maple street, South San Francisco, police reported.

According to Vanderlaan, he was driving north on Hillside boulevard, and about 150 feet north of Thiers street, when the boy jumped out from behind a parked car. Vanderlaan swerved, he said, but struck Camp with the right front of his car.

Mr. and Mrs. Camp told officers that their son had dashed out into the street after his dog.

INJUNS SCRAP WITH PANTHERS FRIDAY AT HOME

Out of the basement and into the dim light of the PAL league this week are the Jeff Indians, who hope to see sunshine Friday by defeating Burlingame.

Kickoff time is at 11 a.m. on the Indians' home reservation. The Panthers, who have been knocked down stairs even more times than the Indians, shouldn't prove as tough as some earlier games.

However, predictions are that it's going to be a toss up whether the strong Injun line, and halfback Don Lunghi, will clip the Panther's claws, or the Burlingame cats chew off an Indian ear.

The outcome of Friday's game may determine the king of the second division. Should the Jeff lads add the scalp of Burlingame to their belt they may well come out on top in the PAL league bottom story.

Further information about the San Mateo-Jeff game may be found on the sport page.

CITY COUNCIL ACTION

Monday's Agenda; King's Market Bldg. Permit Approved

Discussion of several improvements to streets will be the principal business of the city council meeting Monday night, November 14.

The agenda calls for a hearing on improvement of Hillside No. 3, two blocks in the Hillside district recently annexed to Daly City.

Mayor Green also reports that the council will consider resolutions for improvement of several unnamed streets and projects.

Meanwhile, at a caucus meeting Monday night the council approved plans by the Stonecrest Co. for the reconstruction of King's Market, Junipero Serra and Garden Gateway.

The building permit issued to the company calls for a $115,500 concrete walled, frame store building. It has been estimated that the market will be completed in February, 1950.

When the building was set afire by an arsonist earlier this year, Nat Temkin, store manager, figured the loss at $500,000.

Once more Mayor Green assured residents of Broadmoor that Garden Gateway would not be cut off by the new construction job. He said the street, at least the section into Junipero Serra, would be made one way.

Further details on the fate of the road which now runs into the King's Market parking lot, will be discussed by residents of the Broadmoor area, before any further action is taken, Mayor Green said.

City Engineer R. A. Klassen also presented a plan for running a water pipe down Junipero Serra to serve new merchants and homes in the area. Mayor Green asked the council to consider this plan in the light of the fact that the city may soon need a complete revamping of its water system.

"I don't think we should do this one bit at a time," Mayor Green said. "The best thing to do is draw up a master plan for future water improvements, and work accordingly."

The council is taking the mayor's proposal under consideration, and no further plans will be made for the Junipero Serra water pipe until some decision is reached concerning the plan.

Lions Launch Toy Turnout Drive For D. C. Children

Embarking upon a campaign this week to get toys for needy children is the Daly City-Colma Lions club.

Elio A. Fontana, Lions club president, has appointed Arnold Panella as the local chairman of the "Toy Turnout" campaign.

This week members of Lions clubs all over the United States have begun this service activity that perhaps involves more people than any similar project ever instituted.

Using the radio waves, Lions are asking some 30 million people to each give a new or well mended toy to the "Toy Turnout" project. In the interests of this activity, 27,000 Lions are expected to play Santa Claus to the underprivileged children in the California-Nevada district alone.

Chairman Panella wished it understood that all toys collected by Lions in this vicinity will be redistributed here, and that each will be delivered to the "right child" on or before Christmas morning.

The "right child" will be found through charitable agencies, teachers, club leaders, ministers, and others whose fingers are at all times on the pulse of the underprivileged.

Further details on the "Toy Turnout" will be in next week's "Record."

J. S. Merchants Vs. Cooper, Sunday

With two wins to their credit, the Junipero Serra Merchants meet Cooper-Varni at Marchbanks at 2 p.m. Sunday, in the fourth game of the "AA" league.

Fred Lucia will be on the mound for the Merchants, and if he keeps up the speed of former games, the Merchants should walk off the field with a win.

Should they take this game, the Daly City team will be in a good position for a try at the league title. Following Sunday's tustle, the Merchants will have three other games before the playoff.

Garaventa Changes Plea To Guilty On Bookie Charge

Awaiting sentence after pleading guilty to bookmaking Monday is Roy Garaventa, 41, 151 Hillcrest drive.

Garaventa pleaded guilty to the charge before Superior Judge Aylett R. Cotton. He asked for probation, and is to be sentenced November 21.

Arrested six weeks ago for al-

LIVING COSTS GOING UP

As we suspected, living costs are on the move upward once again. Figures released by the Bureau of Labor Statistics has made it official, but the family purse had already given us a hint.

More significant than the trend itself is the extent of the increase between mid-August and mid-September. It was the biggest jump in a year. Although food led the way, every other item that the consumer buys, except clothing, joined in the climb.

This development gives added weight to opinions expressed in recent months that the leveling off process in our economy has run its course and that prices are not likely to drop appreciably in the foreseeable future. It also verifies the judgment of business leaders here in California who have been urging the public to "buy now" rather than to put off purchases with the hope of lower prices later on.

No doubt the price trend will give great impetus to buying. The realization that goods will probably cost more tomorrow—in particular, such items as household furnishings and equipment, a car and other more or less durable goods—will certainly loosen the strings on many a purse.

Now, as always, there is no justification for foolish buying but it would also be foolish to further delay the purchase of essentials. While no one relishes higher prices in themselves they are part of the general upswing in our national economy. And that upswing should lead to more jobs, bigger payrolls and increased prosperity.

TAX COLLECTIONS

Uncle Sam is doing all right in the money collecting business. In spite of some dropping off in revenues from certain sources, the old gent took in over $100 million more in the first quarter of the current fiscal year than he did in the corresponding period of 1948. Individual income taxes were lower and retail excise levies produced less than in the first quarter of last year. The big shot in the arm came from corporation taxes which are still being paid on the 1948 record income year. These were nearly $120 million higher than 12 months ago. Collections from liquor and tobacco were also about $19 million greater. In all, the treasury was the recipient of 9,445,686,000 — and that's dollars, in case you're in doubt. But for all this inpouring of cash, Uncle is still borrowing money by the millions every day to keep his establishment — and those of a dozen other countries — in operation. How long can he — and we — keep it up?

"GUNNYSACK LOOK"

Former War Correspondent Hal Boyle, who braved many a dangerous situation to get a story seems to have lost his nerve. The cause of his collapse is the contemplation of a return of the women's styles of the 1920's. Boyle gets hysterical when he thinks about it. In one of his recent articles he implores the fair ones not to return to the "gunnysack look" — no waistline, no bustline, no hips, no nothing, just boyish.

Should the worst happen, it would also probably lead to a new invasion of the barber shops for the short bobs of 20 odd years ago — and we use odd advisedly. Boyle points out all the horrors of the "lost generation," as the youth of that decade called themselves. But he emphasizes that it was primarily the women who got lost; all their distinguishing features of form disappeared — and that's what was so horrible. Well, if the 20's return, the beaches will be man's last resort (no pun intended).

NOVEMBER 8, 1942

The landing on the beaches of North Africa by Allied forces just seven years ago on November 8, marked the first great offensive by our side in World War II. It gave the first real hope that the war would not end in a stalemate with Hitler holding an impregnable position on the European continent.

The African invasion was also a sort of dress rehearsal for the bigger landing which took place 19 months later on Normandy beaches. It indicated that despite rather feeble resistance from the Vichy garrisons, large scale landings could be effected against strong resistance from defending forces.

The African campaign didn't mark the beginning of the end for the Axis, as some people thought, but it did mark, as Winston Churchill put it, the end of the beginning. From then on to the successful conclusion of the struggle in Europe we held the initiative.

FOOL'S GOLD?

It appears that the only people getting rich on the latest gold strike at Fishwheel, Alaska, are the bush pilots who have been flying passengers almost continuously from Fairbanks to the gold rush area. But the rush has all the earmarks of the real thing with gamblers and fancy ladies joining in. If you plan on going, podner, better take your shootin' irons with you.

WHETHER IT BE POLO OR PING-PONG, LET IT BE PUT IN PRINT

Regardless of whether you or your friends play ping pong or polo the "Record" wants to tell the world about it via its sport page. This page is for your benefit, but can only serve you as long as it contains items of interest to you or your friends. How about helping us in this job? Sports items may be mailed to the "Daly City Record," 3317 San Jose avenue, Daly City, 25; or phoned in by calling JUniper 5-3215.

Property Owners To Hold Bi-Monthly Directors Meeting

At least three important propositions will come up for warm discussion at the bi-monthly directors meeting of the Broadmoor Property Owners Association tonight, it was learned from Howard Richardson, president of the organization.

Topics on the agenda at the Community Center are: water rates, a proposed addition to the Broadmoor Community Center, and means for securing funds for the planned children's playground on MacArthur Avenue.

The subject of water is of keen interest, it was discovered. The basic question has to do with the feasibility of accepting the new rates offered by the California Water Company.

As to the Community Center, several additions have been proposed to the building. They include the construction of offices and storage rooms.

There are a number of plans as to how money will be raised for the playground, including a general appeal to all.

Up Goes The Colma Team After Scoring Overdue Win Sun.

"Babe" Ottonelo is a pitcher who has trouble sometimes holding down the other team, but last Sunday he showed himself in fine trim and chalked up a 5 to 0 score for the Colma Boys Club.

Losers were the 12-Mile House. This came as no great surprise to many fans, as earlier the Colma boys downed this same team in their first game of the Seals Stadium League.

Until last Sunday's victory, the Colma nine were in the sub-cellar, having dropped four straight games. However, after the first few minutes last week, viewers were certain that at last the Colma lads were showing the form that won them victory in the summer league.

In the second inning Ed Milano broke the ice by driving a triple into center field. The old pill almost went over the fence for a homer, but a protruding board snapped it back onto the field.

Milano's triple drove in Parodi, and the Colma team had its first run of the game. From then on out the game was all for the boys from under Daly City.

Ottonelo held the 12-Mile House down to three hits, while the Colma nine garnered eight hits.

This Sunday at 12:30 p.m. the Colma boys come up against tougher competition with the Vallejo All-Stars. In the second game of the series the All-Stars trimmed the Colma team by a close score of 8 to 7. As usual the Sunday contest will be at Seals stadium.

Answers to TEST YOUR I. Q.

1. Because they have no eyelids.
2. During the middle ages, travelers were sped on their way with the blessing, "God be with you." The expression gradually was shortened to the expression "goodby," which we use today.
3. Oberlin Institute, now Oberlin College, Oberlin, Ohio, opened Dec. 3, 1833, with an enrollment of 44 students, of whom 29 were men and 15 women. This was the first 100 per cent co-ed college in the country.
4. There are only 24 letters in the Greek alphabet.
5. Hoover dam, near Las Vegas, Nev., 726 feet nigh, is the world's largest dam. It was built in 1936.

Coronary Thrombosis

Deadliest disease in the United States is heart disease, and the most frequently fatal of all heart ailments is that known as coronary thrombosis. Statisticians expect afflictions of the coronary arteries to kill one man in 30 and one woman in 90 above 40 years old this year.

Douglas Fir

At the age of 80 years, the average fully-stocked acre of Douglas fir will cruise about 35,000 board feet of logs, as they are measured in the woods. The mills would actually manufacture 50,000 feet or so of lumber from these logs. In addition there are 80 or 90 cords of wood of sizes suitable for pulp or fuel.

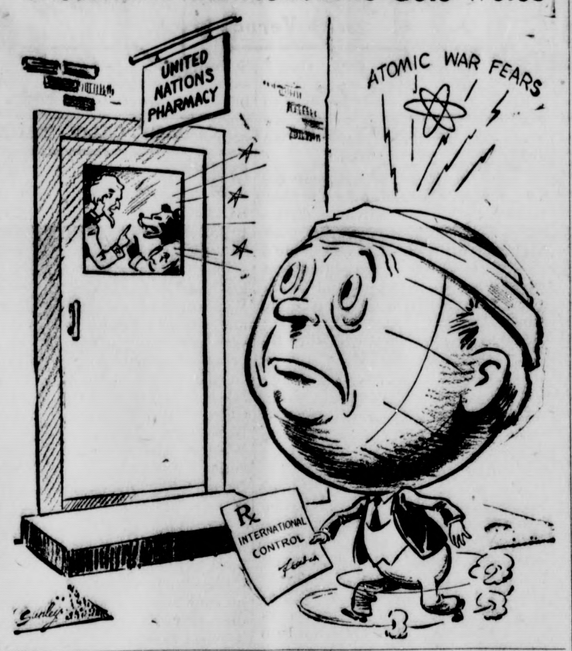
Automatic Fuel

Gas is the most completely automatic fuel. Gas heating units require no attention from the owner from season's beginning to season's ending. They do, however, require at least an annual servicing by an experienced heating contractor.

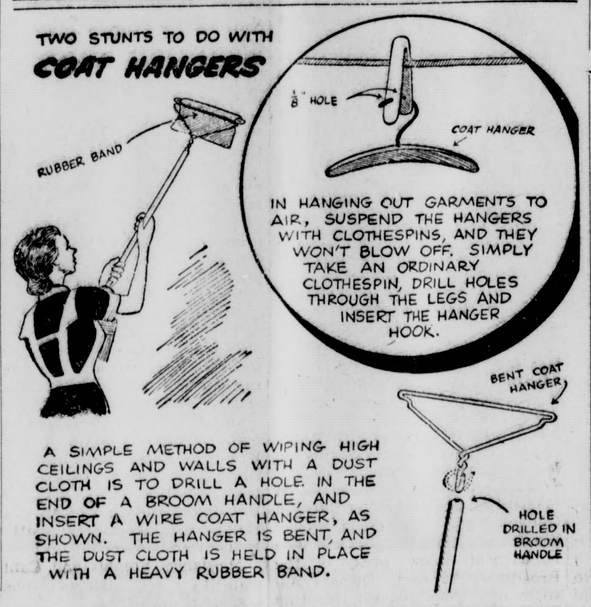
Family Council

One way of attaining a more succesful home life is by the provision of a family council. Let all members of the household join in this council and meet once a week to discuss common problems. This will give anyone with a grievance an opportunity to bring it before the group.

Meanwhile the Headache Gets Worse



HOW TO FIX IT — By Harold Arnett



Non-flammable Fabric

A plastic-coated upholstery fabric that will char on contact with a flame but will not support combustion is expected to find wide usage in boats, office furniture and restaurant seats

Bicycle Racing

Six-day bicycle races drew about four million people annually in the United States, up to 1938, dropped to 1,500,000 in 1939, and have not been conducted since.

Worshipped Cows

Rock paintings made in 9000 B.C and discovered in the Libyan desert of Africa show tribesmen worshiping cows

Old Tree

A giant sequoia tree lived to be about 1,335 years old on the west coast of the United States, according to the Encyclopaedia Britannica Part of its trunk is kept in the Natural History Museum in South Kensington London

Broadmoor Men's Fellowship Hour Speakers Changed

Men of Broadmoor and Garden Village have a good chance to get together and talks things over next Thursday night at the Men's Fellowship Hour at the Community Presbyterian church.

Everyone, regardless of religious belief, is invited to attend the meeting, The Rev. John Glasse said. The social get-together begins at 7:30 p.m. and is usually over by 9:30 p.m. Following the guest speaker, refreshments are served.

Bud Foster, prominent Bay Area sports announcer, was to be the guest at the November 17 meeting. However, as Foster will announce that evening, he will NOT be able to attend, Rev. Glasse said.

In Foster's place will be another excellent speaker, Dr. John Creighton of the First Presbyterian Church of San Francisco. The topic of Dr. Creighton's talk has not yet been announced.

Planting Spinach

Spinach may be planted as late as September 1. The ground should always be fertilized before a new crop is planted.

New York, Cocoa Capital

New York is the cocoa capital of the world. The New York cocoa exchange regulates prices for the entire chocolate industry.

More Large Farms

There were more large farms in 1945 than in 1940; about 9,000 more with 1,000 or more acres.

Food Big Item

The average family uses about a third of its expenditures for family living in feeding the family.

COLMA --- BROADMOOR GARDEN VILLAGE

Colma Firemen Sport Red Suspenders At Annual Ball This Saturday, Nov. 12

Red suspenders, red decorations and perhaps even a little "red eye" will play a big part at the Annual Colma Fire Department's Ball this Saturday, November 12.

When the dance music floods Colombo hall at 8:30 p.m., brilliant reds and other fall colors will help to speed the couples across the smooth dance floor.

John Anconi's orchestra, gentlemen with an inclination for the best in music, will help things along until 1 a.m. By then, everyone should have received more than his money's worth out of the affair.

Between tripping the light fantastic, several gifts will be awarded to those lucky gals and boys who purchased the right tickets. Among the mony useful items will be a television set and portable radio, Capt. Walter Riccomi, chairman, noted.

This dance is by far the biggest thing in Colma during the fall. It is an event no resident of the area can afford to miss, Capt. Riccomi asserted.

"Everybody in Colma, Daly City, Broadmoor and Garden Village Who likes to dance should be on hand," Riccomi said. "Consequently if you hate your neighbors and don't wish to renew acquaintances, or make new friends, don't come to the ball."

Tickets for the dance may be purchased from any Colma fireman, or at the Anchor Drug store, Market and Mission streets, or at Lou's Associated Gas Station, School and Mission. Other tickets, if there are any left, can be had the night of the dance at Colombo hall, San Pedro road.

FOLLOW THE ENGINEER

Some motorists think in terms of a lighter engine lubricant during the cold weather. Instead of being guided by what once was customary in motordom, the owner of a new car will do well to follow what the engineering department has to say on the subject. It is written, probably in bold, black type, in the instruction book. It never pays to change merely for the sake of changing.

California's lead production in 1948 had an estimated value of $3,940,000.

Australia's sheep population exceeds 100,000 animals.

Colma PTA Leaders To Meet Tuesday

Members of the Colma PTA executive board will meet at the home of Mrs. Pauline Brown, 160 Washington street, at 1 p.m. Tuesday, November 15.

Those planning to attend are asked to call Mrs. Brown, JUniper 7-6246.

Meanwhile, the Colma PTA celebrated its 17th birthday at a meeting November 1 at the Colma Community Center.

Mrs. Edward Dennis conducted the business meeting at which time the members voted to purchase two transcribing phonographs to give to the students of Thornton and Jefferson elementary schools. These phonographs are the type advocated by the Board of Education to be of great help in the education of the students.

Mrs. Stella Jensen, counselor from the 17th district, and Hugh Falconer from the office of the school superintendent, explained Propositions No. 1 and 2, and urged that everyone get out and vote November 8.

Robin Temkin, 5th grader from Jefferson Elementary School, sang three delightful songs.

A candle lighting service was held just before the cakes were cut. Mrs. Jensen lighted the candle for "The Home," Mrs. A. S. Dunkel for "The Church," and Mr. Falconer for "The School."

The members were pleased to have as guest forthe afternoon, Mrs. Erwin Schmidt, president of Crocker PTA.

Precaution for Motorists

Motorists leaving flooded areas or driving through heavy rainstorms should test their brakes before resuming normal driving speeds, as wet brakebands often render brakes partially or totally useless.

When Ducks Cannot Fly

Just before the molting period, ducks and geese fly to bodies of water where they will be safe from land enemies. The reason is the fact that they molt their primary feathers all at one time and, for a short period, cannot fly.

Big Doings At Community Center Saturday, Nov. 19

Folks in Broadmoor are in for a treat on November 19. It will be a rousing Saturday night dinner and dance at the Community Center, given by the American Legion Auxiliary.

Everyone will be there and the place will be jumping, according to informants. Remember, they said, the prices have been pounded down to virtually nothing.

Aduts will slip through the wicket for a mere six bits while the children may enter for only a quarter. So be sure to resrve Saturday, November 19, for a hot old time, is the bid.

As if the forgoing weren't enough, everyone will have the opportunity of walking away with a 100 per cent pure wool blanket, all bound and everything.

Just pick up three tickets for two bits at the center, or get in touch with any auxiliary member, who will be more than glad to supply as many as you desire.

About the dinner, everyone is asked to get their reservations in just as soon as possible. All Legion ladies have a goodly supply of tickets.

Broadmoor Church Sermon Topic Is Announced

Theme of the second of a series of sermons at the Lutheran Church of Broadmoor on "The Real Owner" this Sunday will be "My Talents in Service of God or Satin."

The sermon will be delivered by The Rev. Max Zschiegner. Services begin at 11 a.m. at the Broadmoor Community recreation center, White street off of 87th street.

Those not active in a Christian church of this community are welcome to attend the service.

The church conducts a weekly Sunday school at the center at 9:45 a.m. each Sunday. The pupils are already busy beginning to learn the songs and parts for the second annual Christmas program.

This year's observance of the Nativity by the Sunday school pupils is to be held on an evening of the week preceding Christmas day. The day and time will be announced later.

Mothers are now being asked to help in the preparation of the costumes of their children for the Christmas pantomime, a special feature of the program.

Meanwhile, the meeting of the class in "Fundamentals of the Christian Faith" will be held this week at the home of Mr. and Mrs. K. Erdman, 852 Thornhill drive, Broadmoor.

Around Broadmoor Village

with Verna Duste

Well, isn't this a switch, tho?? Same church, different pew. Y'know, they say everyone has to graduate sometime — so here we are! And, seriously, now that we are here — how d'ya like us?

Remember our worthy predecessor, Mari Jene Kassow, and her friend, Louie the Louvaine Gopher?? Well, his brother Fooey must have moved out here, as well. He's at prsent pulling all our gladiolus back down where they came from, and creating various and sundry havoc in our backyard. Grrrr! Even Sam, intrepid hunter that he is, is at a decided loss.

Babies (as if you didn't know!) are Broadmoor's specialty (ahh, those future taxpayers) and although the crop has been thinning out just a shade lately this fall, it's catching up now.

The Bob Corders at 707 Thornhill signed their receipt for Bruce Ellsworth, weight 7 lbs. 12 ozs. while the Frank Corsos, down on Maddux proudly display Michael Carl, who tipped (tipped, that is!) the scales at 9 lbs. 11½ oz. Winding up the '60 College Roster is Dennis Mattson, who calls the Bob Matsons at 736 Midway "Mommy" and "Poppy," and whose announcement reads "7 lbs. 3 oz."

Naturally, the girl crop isn't very far behind — Karen Maxine Benson up on Gilman leads the parade, at 8 lbs. 9 oz., while little Ellen Patrize Azevedo is pretty proud of her folks, the John Azevedos on Stoneyford. The Barcas on Maddux are clean out of cigars on account of Pamela Anne, whose weight, 6 lbs. 13½ oz., winds us up on the "Pink-and-Blue" Dept. for this time.

The Birthday Dept. is fairly replete this week, too. Dorothy Swoverland celebrated hers with her family, and (ahem!) declined to reveal her age. Come, come, now, Dot, Beauty Counselor doesn't carry chin straps, does it??

The Charles Ponds entertained Jo Ann Dean and hubby Ken on the occasion of Jo Ann's birthday. Other Villager guests included the Kellehers and the Goodwins.

Robin Kelleher was the honoree at a luncheon given by Pat St. Clair. Guests — Mesdames Goodwin, Scribner, Averill, Murphy, Evans, Leonetti, Jones, Feldman, Richardson and Johnson.

More birthdays — Mary Helen Richardson celebrated her third on October 30th — which made a busy week end for Poppa Howard, who is, as y'all know, prexy of the Broadmoor Property Owners Association. The general meeting Friday night, Sandy's birthday Saturday, and then the Beeg Dance Saturday night. Speaking of the dance, of course you all saw the winners — Mari Jene and Kass. Some original costumes have assailed these tired old eyes before, but never anything like that. An angel yet, with wings — and, of course, Kass was the old St. Nick himself, complete with tail and horns.

Where were we?? Oh yes, BIRTHDAYS!! Teddy Cordano is to be congratulated on his second —natch, a party for playmates.

One very surprised and delighted girl was Virginia Alexander of 739 Washington street. Eloise Schoeck and Cherrie Berger hostessed the very charming affair, which was pronounced a success by the guests. Guests, guests — oh yes, Mesdames Nash, Peters, Cantino, Garcia, Snover, Manuel Alexander, Diane Alexander, Carol Barney, Mary Weston, Helen Simi, Gloria Dalzelle, Lee Andre, Doris Johnson, Mary Torre, Helen McIntosh and Mrs. Steve Muzio.

Been on the bus lately?? Seems as tho it goes all around the tract now, doesn't it — well, it does!! C'mon, girls, let's all ride up to the market and use the bus. Nine hundred riders a day is a lot of people. 'Bye for now — and don't forget — anything that happens in Broadmoor Village is news — birthdays, anniversaries, etc., so give us a call —JUniper 5-1865. Selah!

Canasta has lit — and kindled at least one bright fire that we know of in Broadmoor and Garden Villages. Wednesday, November 9, was the date and 114 Garden lane the place of the first meeting of one of B-GV's first Canasta clubs. The purposes of this club is to foster new relationships, and, of course, to have lots of fun playing Canasta.

Five tables played heartily all afternoon, after a lovely dessert-luncheon, served by the hostess, Mrs. Gladys Holt. The drizzly afternoon had no effect whatsoever on the spirits of the players, who plugged away until the bitter end —the end being 4 o'clock.

Next month, the club will meet at the home of Mrs. Kenneth Dean, 707 Washington street, Broadmoor Village, and all those interested in learning to play Canasta should call Mrs. Dean.

Guests included Mesdames Iacopetti, Yorg, Franklin, Duste, Krawetz, Patey, Murphy, Dean, Brugge, Magoon, Stankis, Atteberry, Cantino and LeBlanc from Broadmoor Village, and Mesdames Holt, Morris, Sturzia, Froggatt and Heim from Garden Village.

Mesdames Stankis and Cantino walked off with high score honors —score being 10,550.

A fee of 50c is collected each meeting to defray the cost of the cards, and at the end of six months a grand prize will be given to the person holding the highest score.

Hangers for Garments

Every garment should be on a separate hanger. This keeps it in shape and avoids wrinkles. Hangers which are covered with a rough fabric will keep clothes from slipping and keep the shoulders in shape.

Bottle Delivery

When milk was first delivered in bottles most people were so pleased with the improvement that the lack of complete protection was overlooked. Then it was realized that the unprotected lip was a source of possible contamination. Now most boards of health require hoods as well as pasteboard caps.

"Over The Top" For Broadmoor Com. Chest Drive

"Over the top" is the joyous report turned in by the ladies committee who toiled so hard to insure the success of the Community Chest Drive in Broadmoor. The latest count reveals that better than 112 per cent of the quota set for this community has been achieved.

When the figure of $600 was established, it seemed to many that it was a little high. However, as a result of diligent and tireless effort on the part of some 25 ladies, under the direction of six neighborhood chairmen, a total of $671.-67 rolled into the coffers.

"But there may be more," explained Mrs. F. W. Brehm, of 736 Washington street, the leading chairman. We are expecting that some of the people will make contributions by mail."

Mrs. Brehm related that her helpers merited a warm word of praise. She revealed that all of them had to put in plenty of night work to gather in the many conrtibutions which varied all the way from 25 cents to $20.

Mrs. Brehm went on to say that there is an error in the present system of collections. The head of virtually every family in Broadmoor works in San Francisco where they are solicited for funds for the Chest.

"In fact, many persons are required to donate a full day's pay, and of course," she added, "it hardly seems fair to ask these people to dig down in their pockets for more money.

"Nevertheless, they must understand that the cash given in San Francisco goes to the San Francisco county fund. While the money obtained here is deposited to the San aMteo county accumulation.

"This means that, if by chance, any of those contributing in San Francisco should need help in Broadmoor, their aid would not apply.

"Therefore, it seems to me that a division should be made. The men and women who work and live in different counties should split their offerings."

In any case, the unfortunate ones who will benefit by the local donations may rest assured of the heartfelt warmth of Broadmoor residents, it was explained.

All of the donors were well aware that they were lending a helping hand to sick children, the destitute, and others in need of financial aid in one form or another.

Broadmoor, Garden Village Over Top For Com. Chest

Broadmoor and Garden Village went over the top this week in the Community Chest drive.

Under the chairmanship of Mrs. F. W. Brehm, volunteers in Broadmoor turned in a total of $669 for a percentage of 111.5 per cent.

Garden Village did even better. Residents in that area contributed $250, or 120 per cent of their quota.

Both communities were awarded gold "Red Feather" oscars for their achievements.

All of this money will be used to support the operations of the Boy and Girl Scouts, blood bank, children's health home, YMCA, Catholic social service, family service agency and council of social agencies.

Legion Auxiliary Is Sponsoring Cub Scouting

Lads i nthe age bracket of eight to 11 will be happy to know that the movement for Cub Scouts in Broadmoor is progressing rapidly under the sponsorship of the American Legion Auxiliary, and big doings are underway in their behalf.

All women interested in aiding the little fellows are invited to get i ntouch with the Auxiliary. It was announced that instruction meetings for Den Mothers and Cub Masters will be held December 2, 5 and 9.

Further more, a letter will be sent to all those in Broadmoor with boys of cub age. The missive will contain an invitation with instructions as to the details to be followed.

Announcement was made that Mr. Hopper, of Colma, has donated $40 to be used for the benefit of the Cub Scouts.

IN GRANDMA'S DAY

In grandma's day the spinning wheel and the old hand loom were familiar sights. Long before this time, when great-grandmother was young, the girls of the family were taught to spin yarn and weave cloth, and many of the simple garments of those days were the products of their delicate hands.

The spinning wheel and hand loom have gone the way of the wooden plow, the ox cart, and the grandfather's clock. They exist today mainly as relics of a colorful past.

New inventions and new methods are constantly replacing old ones. Human life sweeps on in a world of change. The only abiding things are the things of the mind and spirit; faith, hope, and love are the great eternals.

Man needs a spiritual anchorage in a changing world. And the Church points him to God, who is the same yesterday, today, and forever. He is man's rock and refuge in every age.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Annual Harvest Festival Thursday, Nov. 17th At Bethel Lutheran Church; Many Christmas Gifts To Be On Sale

Do your Christmas shopping early and at the same time help church work in this vicinity.

This can be done by coming to the annual "Harvest Festival," Thursday, November 17, at the Bethel Lutheran Church, Alemany boulevard and Huron avenue. At that time various handmade articles will be on sale.

The festival this year is sponsored by the Ladies Aid Society of the church.

All money from the sale will be used to further the work of the church in this community, The Rev. H. P. Schroeder said.

In addition to various booths featuring handmade articles, other Christmas gifts will be sold. These will include such items as Christmas cards and wrappings, and types of stationery.

For those with an appetite who don't wish to wait until the December holiday, food booths will also be plentiful. These will feature home baked goods.

A luncheon will be served at 12:30 p.m.

The festival will be held all during the day. Everyone is invited to attend.

Mrs. Geneva Schaefer is the chairman in charge of the annual affair.

Meanwhile, The Rev. Schroeder announced that regular Sunday services will begin at 10:45 a.m. This week's sermon will be "That Ye Be Sincere."

Special music for the program will be provided by the choir under the direction of Mrs. Ruth Peterson.

Sunday school begins at 9:30 a.m. Teachers in charge include Mrs. James Carlisle, Mrs. August Schiewe, Mrs. V. J. Jenison and Mrs. Theo Surber.

Preparations are now being made by a special committee for a children's Christmas program. Further information on this program will be printed in the "Record" at a future date.

New Arrivals

To the wife of Raymond G. Fellman, 50 Bismark street, October 27, a son.

To the wife of Stuart A. Sweetman, 555 Bellevue avenue, October 26, a son.

To the wife of John L. Azevedo, 719 Stoneyford drive, October 22, a daughter.

To the wife of Charles R. Tabucchi, 479 Woodrow street, October 29, a daughter.

To the wife of Victor A. Fellman, 51 Risel avenue, October 28, a daughter.

To the wife of Albert F. Lille, 34 Whittier street, October 29, a daughter.

To the wife of Jeremiah P. Mahoney, 911 Wildwood avenue, November 1, a son.

Legion Auxiliary Entertains Dist.

Meeting at Legion Hall, 474 San Diego avenue, Wednesday will be members of the Daly City Unit No. 410, American Legion.

The meeting begins at 8 p.m., and all members, and those interested in joining are asked to be on hand.

Meanwhile, last Friday women of the Auxiliary entertained the 26th district American Legion Auxiliary. Mrs. Roy Henderson, district president, acted as chairman for the meeting.

Mrs. Ethel R. Harris, unit president, was in charge of refreshments. Ladies brought home made cakes and cookies to the meeting. Assisting Mrs. Harris were Mesdames Jerry Madutas, Erma Magnuson, Cecelia Soukka, Sarah Halloran, Olga Bordson.

Jeff High PTA Holds Social Gathering Tuesday

By Lois Adami

Here's an opportunity to know your teenager better. Jefferson High School P.T.A. invites all parents to attend a social gathering at the high school cafeteria Tuesday evening, November 15, at 7:30.

Mrs. L. M. Hill, Jefferson P.T.A. president, urges you to come, "the faculty is anxious and willing to help your children make the most of their high school education. Here is a chance to meet and informally discuss your teenagers school problems with his teachers."

Refreshments will be served during the evening by Mrs. Lillian Thomey, hospitality chairman, and her committee.

Hillcrest Circle No. 143 UAOD To Hold Public Installation Monday

A public installation of new officers will be held Monday by the Hillcrest Circle No. 143, UAOD.

The installation will take place at 8:30 p.m. at the Daly City Masonic hall, 17 Hillcrest drive.

As this is a public installation, everyone is invited to attend.

Names of new officers will be published in next week's "Record."

Ground was broken for the world's first cable street railway in San Francisco on June 2, 1873.

Leningrad was besieged by the Germans on September 4, 1941, and liberated in January, 1943.

SOCIETY

OLPH Mothers' Club Prepares For Xmas Bazaar

Preparations for the Christmas bazaar of Our Lady of Perpetual Help school Mothers' Club will be made at the group's meeting Friday, November 11.

The conclave will begin at 8:30 p.m. in the OLPH school auditorium.

A chairman and committees for the bazaar will be chosen at the meeting. Following the club business, Mrs. Mary J. Tielsmann, club hospitality chairman, assisted by 1st grade mothers, will serve refreshments.

An annual event, held on the first Sunday of December, the bazaar is a means of raising money to defray the expenses o fthe school.

The theme this year, as last, will be Christmas, with all the bells, red and green streamers and presents associated with the holiday season.

Teresa Sullivan, club president, extends a cordial invitation to all mothers with children in OLPH school to attend the meeting and become acquainted with the activity of the club.

Police Take Two Women To Hospital

Things were generally quiet in Daly City over last week end, Police reported today, except for two emergency calls.

The first call came at 10:12 p.m. Friday, when Mrs. Lunn, 113 Los Banos, asked for a police car to take Mrs. Islander, same address, to Junipero Serra hospital.

When officers arrived they found Mrs. Islander too ill to take in a police car, so the new city ambulance was put into action.

Hospital authorities today report Mrs. Islander's condition is "good" and she is suffering from "back trouble."

At 1:40 p.m. Saturday, Mrs. Yetta Kashner approached a police officer near her home at 127 Evergreen avenue. She asked to be taken to the hospital, as she had fallen, and her arm was "aching."

Upon arrival at Junipero Serra hospital, doctors found Mrs. Kushner has suffered a fractured left forearm, when she'd fallen at home. Mrs. Kushner was treated and sent home.

New Yell Leader

Frank Garcia was chosen as our new yell leader at a recent assembly. Frank is the first boy yell leader we've had in three years. He will work along side our three girl yell leaders, Dott Cade, Joan Sino and Audrey Christeanson.

Aquacade

A matinee will be presented for Jefferson students and teachers only Wednesday, November 30. Ticket price is 50c.

The two performances at night on Wednesday, November 30, Thursday, December 1, Friday, December 2, will cost $1.

Participants in the Acquacade here had fitings this week for their colorful bathing suits. The most colorful suits to be worn are the fuchsia and black ones to be worn in 'the Spears,, a fishing number.

Some of the other suits are of fire orange, lime, arc yellow, blue prints and light yellow fith fuchsia and green print.

Latin Club

The members were issued free passes to a radio program presented at Radio City on October 31.

W.A.G.s

The group of about fifteen to twenty students are debating about the U.N.'s powers and usefulness. After this they intend to study all major world problems. The able advisors in these discussions are Mr. Reese, Mr. Kane and Miss Henry.

Hali Day Off

We said we could do it and we did. At the beginning of the year we were told that if we got hundred per cent student body card sales we'd get a half day off. And we did it, so next Friday, November 18, we get our half day off. That afternoon there is a game at Palo Alto so, this way, everyone has plenty of time to get to the game.

RNA Holds Cooked Food Sale Nov. 12 At Sprouse-Reitz

Week-end cooks looking for a rest are advised to attend a food sale this Saturady at the Sprouse-Reitz store, 6400 Mission.

The sale, sponsored by the Royal Neighbors of America, Daly City Camp No. 6035, will begin at 9:30 a.m. Various types of hot dishes will be on the block, and those in the know say a complete meal may be purchased.

Hence, all the tired cook need do is to make the purchase, slip the goods in the oven, and read a paper. In a few minutes her dinner will be ready.

In addition to the food, ladies will also offer for sale such hand embroidered items as pillow cases and dish towels. All of these have been made by the RNA sewing club.

Meanwhile, Wednesday at 8:30 p.m. the RNA will initiate candidates. The initiation will take place at the Druids Hall, 44 Page street, San Francisco. The ceremonies will be part of a Golden Gate district meeting.

Those to be intiated include Mesdames Dora Black, Madeline Edwards, Anna Estep, Ruth Gerber, Ruby Hill, Ivy James and Miss Barbara Miller.

Two more candidates will be initiated at "Homecoming Night," Friday, November 18, at 8:30 o'clock. All lodge members are invited to attend the event at the Little Italia Hall, 6229A Mission.

Those to be initiated that night will include Mesdames Melua Rodriguez and Shirley Peterson.

Does GARLIC Relieve GAS?

ALLIMIN relieves distressing symptoms of heaviness after meals, belching, bloating and colic due to gas in stomach and intestines. ALLIMIN has been clinically tested by doctors and found highly effective. ALLIMIN is the largest selling garlic tablet in the world.

Eimar Sandberg Merges Saturday With S. F. Lady

In a quiet wedding ceremony last Saturday, Mary Grace Treankle became the wife of Eimar Sandberg.

The bride is a well known Bay area real estate woman who recently retired. Sandberg is known in Daly City for business activities, although he, too, is retired.

The wedding took place in the home of the bride, 611 41st ave., San Francisco.

Wearing a beautiful rose colored gown, the future Mrs. Sandberg stood before the minister. Her long sleeved crepe gown was trimmed with beads, and her accessories were in black. She wore a butterfly orchid corsage combined with lilies of the valley.

The matron-of-honor, Mrs. Henry J. Treankle Jr., wore a soft green taffeta dress with a corsage of roses.

Best man was the bride's son, Henry J. Treankle, a special agent for the New Zealand Insurance Co.

Following the wedding, a reception was held at Dovre hall, 3543 18th street. Close friends and relations were on hand to wish the newly married couple well. A secial oput-of-town guest was Mrs. A. H. Hoepner.

At a later date the newly married couple plan to honeymoon in Canada.

At the present time Mr. and Mrs. Sandberg are living at 611 41st avenue, San Francisco.

TEST YOUR I. Q.

1. Who is chairman of the Republican National Committee?
2. How many books are there in the Old Testament?

3. When was the first ice-cream stick invented?
4. What is the world's highest altitude on a railroad line?
5. What is the state flower of Texas?

Answers to TEST YOUR I. Q.

1. Guy Gabrielson.
2. There are 46 books in the Old Testament.
3. The first ice-cream stick, termed an "Eskimo Pie" by its inventor, was patented by Christian Nelson on January 24, 1922.
4. World's highest railroad altitude is 15,817 feet above datum in Antofagasta, Chile.
5. The state flower of Texas is the bluebonnet.

Miss Seiler Given Surprise Bridal Shower Saturday

Miss Dolores Seiler, who is to become the wife of Fred Fazzio, November 20, was given a surprise bridal shower last Saturday.

The shower was given at the home of Mrs. Rose LuFrano, 307 Santa Barbara by Miss Marian LuFrano, cousin of the groom elect.

The bride received many beautiful gifts from her friends. Among those present were Joan Siino Florence Pastorino, Josephine Crudo, Rachel Dito, Rosane Dito, Claire Seiler, Pauline Lugliani, Pat Schultz, Alice Krohn, Jean Bacigalupi, Winifred Evans, LaVerne Torkelsen and Shirley Lucia.

Miss Seiler is to be married at 4 p.m. November 20 at the San Francisco Church Epiphany.

Attractive Ruth Wickham is not modeling just a garter . . . . look again! This is a "garter derringer," a tiny gun which ladies packed in the old days. The gun and the garter will be on display at the Third Annual Pacific Coatst Antiques Show November 15 through November 19 at Polk hall, San Francisco Civic auditorium.

Double Ring Ceremony Thursday Unites Miss V. L. Marsh And Charles Christian

In a beautiful double ring ceremony last Thursday Miss Virginia Lee Marsh became the wife of Charles Edward Christian at the Grace Presbyterian church.

Miss Marsh is the daughter of Mr. and Mrs. N. H. Marsh, 599 Evergreen street. The groom is the son of Mrs. Raymond Christion, 137 Flournoy.

The church was decorated with white chrysanthemums and various shades of foliage from lavendar to green.

Preceding the ceremony, Mrs. Mildred Hansen, organist, played softly, and at 8 o'clock two candle lighters, Joan Suno and Helen Kimber, clothed in white robes, lighted the three candelabras in the pulpit and the cross in the rear of the church.

Miss Marian Walke sang "I Love You Truly" as the bride came down the aisle to stand before Dr. Willima Harberts, who officiated at the wedding.

Given in marriage by her father, Virginia wore a white satin wedding gown, fashioned with Peter Pan collar, long sleeves forming a petal at the wrist, long petal shaped train and a finger tip veil edged with wide lace. The crown, holding the veil, was covered with tiny pearls.

She also wore a small gold locket which had once belonged to her mother. The bride carried white chrysanthemums, centered with white orchids.

The bride's maid of honor was Leontine Oberg, who wore a ballerina-length dress of ice-blue satin.

Bridesmaids were Barbara and Betty Marsh, sisters of the bride. Barbara wore pink satin and Betty wore golden yellow.

All three atendants wore satin shoes and head pieces of colors matching their dresses. Each carried a quilted muff made of the same material. To each of the muffs was pinned carnations of various hues.

Waldon Bryant of Pendleton, Oregon, was the best man. Guests were seated by Bob Plyer and Allen Pettigrew.

The bride's mother wore a navy blue crepe two-piece dress with pin accessories. Mrs. Christian wore a grey suit, with pink accessories. Both wore white orchids.

A reception with music and dancing followed the wedding at the Bellevue avenue recreation hall. The table was centered with a three-tier wedding cake, topped with a miniature bride and groom.

The bride's going away suit was of forest green knitted wool with brown accessories.

The couple left for a short honeymoon to Yosemite National park. Upon their return they will make their home at 157 Miriam street, Daly City.

Virginia is a graduate of Jefferson High school, and is now employed by the Pacific Telephone and Telegraph company. The groom is also a graduate of Jefferson, and is working for the United States Plywood Co. in San Francisco.

Pythian Sisters To Hold Bazaar

Haven Temple No. 9, Pythian Sisters, will hold their annual bazaar Friday, November 18, in the Odd Fellows building, 26 Seventh street, San Francisco.

Booths of fancywork, home made cakes, cookies and candies will be the mainstay of the bazaar. In addition there will be games to brighten everyone's evening.

For the hungry mouth, a spaghetti dinner will precede the bazaar. Further information will be found in next week's "Record."

OLPH Church To Hold Mission November 13 to 20

Contributing to National Church Month, Our Lady of Perpetual Help church will hold a week's mission from November 13 to 20, Father James Bergin announced today.

A mission is a course of spiritual exercises conducted by specially trained missionaries. During these exercises prayerful consideration is given to the great truths of eternity and to the duties of those who would be followers of Christ.

It is to be noted that the mission is for the benefit of all, Catholic and non-Catholic alike.

The mission will be conducted by Father Vincent Carroll and Father Parnell McCarthy of the Archdiocesan Misisonaries.

During the mission weekday masses will be held at 6, 7:30 and 8:30 a.m. Services will be held each evening at 8 o'clock.

The mission will close on Sunday evening, November 20, at 8 o'clock with the renewal of Baptismal Vows and Papal Blessing.

For the children there will be a special mission on Wednesday, Thursday and Friday afternoons beginning at 3 p.m.

Dance And Whist Offered Next Week

A combination dance and whist party will be held next Saturday, November 19, at the Mission Masonic Temple, 2668 Mission street.

Sponsored by the Mission Chapterp, Order of the DeMolay, the dance will begin at 8:30 p.m. The public is invited to attend.

While some are dancing, in an adjoining hall others will be playing whist.

The West wing of the California Academy of Sciences in San Francisco houses a collection of North American birds and mammals arranged in habitat groups.

SLEEP WARM! Electrically

PRE-WARMED BED. Turn on the electric control 15 minutes before bedtime. Snuggle into a warm, cozy bed.

JUST RIGHT—ALL NIGHT. Your choice of warmth is maintained through all changes of temperature.

WARMTH WITHOUT WEIGHT. You will sleep more comfortably because you will have just one covering instead of a heavy pile of blankets.

ONE FOR EVERY BED. You can have electric bed covering for single, double or twin beds. Double Control for double beds.

Sleeping Beauty's choice! Yes and it will be your choice too, once you have experienced luxurious sleep under electric bed covering—blanket, comforter or sheet. Never again will you wake up cold and shivering or toss about because you are too hot and uncomfortable under layers of heavy blankets. When you are kept warm electrically, you sleep in the warmth you personally like best, through all variations in weather!

With electric bed covering, you simply set a dial on an electric control and your "just right" warmth is maintained automatically. More than a million happy sleepers keep warm electrically. Why not you? It costs only a penny a night to have the sunny warmth of electric bed covering.

Mrs. Orr Feted By Friends At Birthday Party

Mrs. Helen Mary Marshall Orr, 349 Winchester street, has been living in Daly City for the past 26 years, and this Monday she celebrated a birthday.

Behind the surprise birthday party, given by her husband, George Lover, is an unusual story. It is difficult to say whether the story is about her devoted husband or Mrs. Orr, but at any rate it is one of true love.

Some years ago, we are not saying how many, Mrs. Orr first saw the light of the world in Liverpool, England.

From this seaport she left at an early age for America where her father, Peter Marshall, had opened a grocery concern in San Francisco. However, before she left her beloved Englind, Mrs. Orr had become interested in nursing.

Upon graduating from a nursing school, Mrs. Orr, now in America, joined the U.S. army volunteer nurses corps. Although not even a citizen, she felt she owed a duty to this country.

So it was that in 1898 she was sent to the Philippines to aid those soldiers fighting in the Spanish American War. She spent the duration of the war in the islands, and returned to America.

This was the highlight in the life of a woman who has always been, as her husband so proudly says, a "lovely lady."

Through her life, as today, Mrs. Orr has been an "Always Do Good Without Portfolio, Lady Diplomat of the British Empire," Mr. Lover says.

But as all people who have passed the half century mark in a full life, Mrs. Orr recently expressed the doubt that few of her old and good friends were still living. This was the cue for the surprise party.

For weeks Mr. Lover compiled a list of Mrs. Orr's many friends. He prepared flags of the English empire, old pictures of England, and generally made plans for a party in the old English style.

"I felt this was the least I could do for having known such a lovely lady," Mr. Lover explained.

So it was this Monday, Mrs. Orr was awakened in the morning by a friend, the first of 50 to attend her birthday party. The birthday celebration, managed by Mr. Lover, laster throughout the day and into the night.

"By the end of the evening my wife was quite certain, that on the contrary, she has only begun to live," Mr. Lover asserted.

Hats off, then, to both Mrs. Orr and her loving husband for once again reassuring a tired and sick world that marriage of the old variety is still a beautiful and moving thing.

Attending the party from the Daly City area were Mr. and Mrs. Francis B. Shaw, Mrs. Ronald Smith, Mr. and Mrs. Paul Endress, Mr. and Mrs. Peter Ivanhoff, Dr. Ivan Budaeff, Mrs. M. E. Lincks, Mrs. Frederick Head, Miss Helen Monroe, Mr. and Mrs. Alan Dursten, Mrs. F. M. Bell, The Rev. John A. Collins, Mr. and Mrs. John Duncan, Mrs. Alfred Greig, Miss Lilian Salton, Miss C. Spooner, Miss Elizabeth Brown, Mrs. Raymond G. Ockermal, Mr. and Mrs. Drew Eason, John A. Eason, Miss Norma Ross, Curtis Bailey, Mr. and Mrs. Robert Anderton, Mrs. Arthur Anderton, Mr. and Mrs. Walter Ryan, Mr. and Mrs. Glenn Ryan, Miss Madeline Adams, Mr. and Mrs. Jean Ginechio, Mr. and Mrs. T. W. Swan.

"PORTRAITS"

by Gil Wales

("Portraits" is a new feature of the Daly Ciyt Record, and from now on, men and women of this locality will have their photographs made in word pictpures, describing their occupations, talents, and hobbies.)

Our first likeness is that of Euclid Cardellini, of 10 Shakespeare street, a plumber by occupation, and a fight fan who would rather watch a fistic go than devour a sumptuous repast.

"Card" was born in San Francisco 36 years ago, and he has been plying his trade for 15 annums. A couple of years ago though, he decided that working for someone else wasn't for him, so he set about the task of opening a shop on his own.

That dream was realized at the start of 1949. With his shingle out in front of his residence, he scurried around, obtaining specifications on any and all jobs offered in Daly City.

New buildings struck a responding chord in his idea of the most desirable work, therefore he made his greatest effort in that direction. And he clicked.

He obtained a contract for a new home. Pipes and paraphernalia were installed with such gusto and satisfaction it wasn't long before there was another house for him to work on.

Actually, he ran the total up to 17 new residences. Yes, it required long hours of diligent toil, and expert craftsmanship to please the owners. In truth, it was too exacting.

As a consequence. "Card" now would like to concentrate on repairs for a while. He is prepared to offer the best of recommendations, and he is ready to toil at any hour to get a job done.

Regarding his hobby, "Card" explained that his idol of the prize ring is Pat Valentino, who was recently defeated by the heavyweight champ — Ezzard Charles. Moreover, he knows Pat.

When asked how the meeting came about, Card said that it was by chance, yet quite deliberate.

He related that he had followed the career of Valentino from the start about 11 years ago. He read about him first, then went to see the big fellow in action, time and again.

Four years ago, "Card" went to Pat's training quarters in San Francisco, where the pugilist was born. There he took motion pictures of him, catching a number of good shots.

Just before he was about to leave, Pat came over and said he would like to see the results. "Card" quickly rseponded that he would gladly comply if the pictures were worth while.

Fortunately the celluloid turned out well. Thereupon he telephoned Valentino to break the good news, and received an invitation to show off his handiwork.

"Card" went to the fighter's home where a screen portrayed the fancy blocking, right and left hooks, feinting and footwork, much to the satisfaction of the latter.

From that time on the pair have been good pals, with the plumber becoming a greater admirer of his idol all the time. Until now he doesn't believe that the late defeat by Charles has hurt the future of Pat. Instead, he says that it has opened opportunities for him in the east.

Cardellini is married to Sadie Spears, also of Daly City, and they have a son, Wayne, seven years old.

"HAVEN'T I SEEN YOU BEFORE?"—President Truman, right, looks on a bust made of him by sculpturer Ernest Durig, left, in Washington. Durig, who was born in Switzerland, studied under Auguste Rodin, the great French artist.

Strange Japanese Custom

The Japanese have an unusal custom — getting friends to autograph favorite hymns. Each book becomes a veritable collection of autographs — pastors, teachers, visiting speakers, relatives and friends. Thus, when a Japanese opens his hymn book there is added significance and reverence as he is reminded of a beloved friend whose name is written across the hymn he is singing. The book becomes a symbol of deep fellowship as well as presenting an interesting array of signatures.

Safety Rule for Swimming

A good safety rule is always to swim with a partner. Among the fast-moving, noisy mass of people at a large pool or beach, a lifeguard may not be able to hear a cry for help or to spot a sinking bather. A swimmer and his buddy can look out for each other in such cases.

Flow of Electrons

A flow of electrons along the optic nerve to and from the brain is believed by some experts to take place during the seeing process, according to Better Vision Institute.

Peas Won Votes

The Romans were so fond of peas that candidates for public office used to distribute them free to the people to make themselves popular

NEWS OF YOUR NEIGHBORS

Mrs. I. A. Boggio, better known to one and all around city hall as Dolly, or "de judge's secretary," makes fine paying an easier thing. She's the pert young madame who accepts traffic fines on behalf of the city treasury. With receipt book and pen she also can be seen on the right hand side of the judge every Friday, except on legal holidays which are many and frequent, smiling wistfully upon one and all. As it's some time until her birthday, and as she has not won any radio prizes lately, and from here it appears she's a long way from the obituary column, there may not be too much reason for these lines. However, the romanticists who read and appreciate this column will understand words about a beautiful woman are never wasted. And if you think we're facetious, why not come up and see her some time . . . second floor of city hall, behind a large and businesslike-looking desk.

Robert L. Stueve, fireman, USN, 239 Crocker avenue, is serving as a crew member aboard the aircraft carrier USS Boxer, which is participating in "Operation Miki," a large scale amphibious exercise in the Pacific. The maneuvers, scheduled to continue through October and November, involve nearly 40,000 soldiers, sailors and marines, and are designed to dislodge an imaginary aggressor force from the Hawaiian Islands.

Michael Stanley is a five-year-old boy living at 343 Citrus avenue, who today is convinced that most people are "pretty darn nice." A few weeks ago young Mike was the victim of an automobile accident, in which he broke a leg. The young kindergarten student at Our Lady of Perpetual Help School was confined to his bed several weeks, and he was feeling really bad. Not that he missed school, but "darn it" he was missing Hallowe'en. His understanding parents thought the matter over, and on the night of witches and hobgoblins, they put him on the sofa in the front room. He might not be able to go out "trick or treating" but he could give treats to those who came to the door. And so it was, several young lads received bits of candy from Mike and then turned, somewhat ashamed, and left. This went on for almost an hour. Then, quite suddenly, the trend reversed itself. Now neighbors of all ages began to ring the doorbell. They were bringing treats to young Mike. Before the evening was over the boy had more candy, peanuts and small trinkets than he would have ever had going out "trick or treating." Yep, Mike is certain today that he could have done much worse than break his leg.

Lt. (jg) Ernest W. Daniels, USN, 162 Winchester street, is participating in the joint army-navy exercise, "Operation Miki," as a crew member of the submarine USS Barbero, which is one of the units under command of Vice Admiral Gerald F. Bogan's Western Task Force. The Barbero was decommissioned immediately following the war and placed in the Pacific Reserve fleet, but was recommissioned as a special type on July 26, 1948. Following the attack phase of the maneuvers, personnel of the Barbero will join the rest of the forces participating in the operation for a 10-day recreation period prior to returning to San Diego.

No, the styles haven't changed as far as walking is concerned, so don't get too concerned if you happened to see quite a few Record readers walking sideways last week. Reason? Why Lucca's specials were causing the commotion. He had such a big ad that we had to put it crossways in the paper. Goes to show you that it pays to advertise, no?

John Christiansen, Donald A. Hutzler and Mrs. Catherine Rahle, all of the Colma - Daly City area, recently gave their first donations of blood to the San Mateo county blood bank.

Mr. and Mrs. W. E. Roberts, 226 Hillside boulevard, were hosts this week to Mr. and Mrs. Edward Gooch of Seattle. The Seattle couple are planning to make their future home in California. The Gooch's left for southern California later in the week to compare that area with San Francisco as a possible home site.

JITTERBUGGING A LA DENMARK—A vigorous folk dance is performed by four of the 24 Danish gymnasts who staged a popular exhibition at New York University recently. The young men and women, all amateurs selected from among Danish schools and clubs, have planned a year's tour in the U. S. and Mexico.

Girl Scouts Hold Evaluation Dinner

A pot-luck dinner for all leaders at this summer's Girl Scout Day Camp at Camp Mattrup in Colma was held Wednesday evening, November 9, at 6 p.m. at Parkview Scouthouse, 101 Parkview.

The event was planned by Day Camp Director Mrs. Muriele Pabst for the purpose of renewing camp experiences, evaluating this year's camp and laying the groundwork for next year's day camp.

Community singing of scout songs was led by Mrs. Margaret Douglas. Guest of honor was Mrs. Ethel Proschold, training chairman, who was present in order to secure ideas to incorporate in next year's camp training.

Mrs. Mary Larson presented a project which could be made by girls at camp. Mrs. Peggy Golladay spoke on birds and told the group that her troop were members of the Audabon Society and were preparing a bird chart to be used at camp next year.

There were many valuable suggestions offered as to improvements i ncamp, milk supply, garbage disposal, storage facilities and transportation problem. Present were Mrs. Jerry Hiett, Sue Hopman, Mary Larson, Cecil Saarinen, Edith Anderson, Bessie Runge, Alice Detweiler, June Boynton, Helen Kitson, Verne Rembold, Margaret Douglas, Dorothy Kramer, Thelma Hamilton, Marie Miller, Angie Thur, Frances Windhurst, Lillian Klingler, Amy Savelli, Theresa Giuliani, Peggy Golladay.

Letter To The Editor

NOTE: We have received several letters and post cards from readers who wished to express an opinion in this column. We are glad to print these letters, but ONLY if they are SIGNED. Unsigned letters or cards will not be published.

In rebuttal of the article by the Broadmoor Property Owners association in your last issue, regarding the annexation of Broadmoor by Daly City, may I state that the people of Daly City have no desire or intention of annexing Broadmoor.

We need them like we need a hole in the head.

Obviously our city fathers think differently, but as the article pointed out, they are not high caliber men and we expect to remedy that in the next election.

It is about time that Daly City stopped using our tax money to furnish them service they are not legally entitled to, and I am referring to our poundman collecting their dogs; our policemen answering their calls; our fire department furnishing free service and our $3,000 ambulance used in that district.

The mayor had better understand that he was elected to represent Daly City and not Broadmoor. Any services extended to Broadmoor should not be gratis.

Lucille Stanton

MANTECA NAMED

Manteca, located in San Joaquin county, is reported by the National Automobile Club to have taken its name from the Spanish word for "butter" or "lard." Dairying is one of the town's major industries.

Dr. David G. "Yankee" Robinson erected San Francisco's first "Dramatic Museum" in Portsmouth Plaza in 1847.

Your voice can reach some 85 countries as easily as a nearby town. The low rates may surprise you

"Calling Tokyo...4250"

How overseas service puts the world by your telephone

1. For doing business and keeping in touch with friends, overseas telephone service has become an everyday tool. In its twenty-two years, the calling rate has jumped from about 2,300 calls a year to 600,000. Today, your voice can be sent over short-wave radio to ninety-four per cent of the world's telephones ...over circuits as long as 8,000 miles.

2. Skilled technicians in the circuit control room keep constant watch on their equipment to make sure your voice can hurdle the earth and still sound about as clear as a cross-town call. And overseas service is easy to use. Your Long Distance operator will give you the rates, the best time to call ... and set up an appointment call for you if you wish.

3. In 1927, the lowest overseas rate from the West was $84.00. Now the maximum to most countries is $12.00 (plus tax) for three minutes. Many calls cost less. Making it possible to call almost anyone, at low cost, is another way we've made your telephone more valuable.

Your telephone is one of today's best bargains

The Pacific Telephone and Telegraph Company

Daly City Billiard Parlor Hopes To Put Boys Club Behind 8 Ball Sunday

This Sunday at Marchbanks at noon the dust will fly when the league leading Daly City Billiard Parlor tangles with their second division rivals, the Daly City Boys Club.

But the standing doesn't count in the one hour and fifty-five minutes, for anything can happen. As it stands now the Billiard Parlor has three wins, two ties and no losses, while the Boys Club has one win and four losses.

All it will take is a win by the Boys Club to put the Billiard Parlor behind the eight ball for first place honors.

High circles in the Billiard Parlor territory figure the final score will be about 16 to 3 in their favor.

Al Davis, manager of the Boys Club has other ideas, and says: "we're out to play our best game of the season."

Starting pitchers for this game are not yet available. The score board will tell the tale.

Meanwhile, last week the Boys Club came close to victory when they dropped a game 2 to 4 to American Transul. Only one thing kept the Daly City team from victory, two home runs by Transul.

Although the Boys Club was a threat in the last three innings, they were never able to catch up with the other side.

This ball game also saw the club lose one of its pitchers. Starting pitcher, Canepa, had to be relieved in the third inning because of the recurrance of a sore arm. It looks like he is out for the season.

It was Canepa who registered the only win for the club, when he took the San Francisco Hornets 10 to 9.

Donnely relieved in the third, then the ball game turned into a fast pitching duel with youth matching wits against experience.

In nine innings Creighton allowed one hit, that going to Craviotto. Donnely in six innings allowed but two Texas leaguers.

Menina, Transul's third baseman, gets high honors this week with his big bat, collecting three hits and one run batted in. He collected one of the two home runs, Creighton getting the other.

White Sox Washed Clean By S. F. Naval Supply

By Charles Jason

Last Sunday the Daly City White Sox played against the San Francisco Naval Supply at Jefferson, losing 12 to 16.

The White Sox, taking a quick lead in the game, were soon overtaken by the older and more powerful players of the opposite team.

Jack Groggins, Gene Ramey, Willie Nenes, Ronald Quint, Bob Schiapfer and Charles Jason were all successful at bat.

This Sunday the White Sox will have a try at whipping Visitacion Valley. The game will be at noon at Jefferson high field.

Laramie Sparks Padres For Sixth Consecutive Win

Swamping St. Mary's of Berkeley 19 to 0, Serra High assured itself Sunday of at least a tie for first place in the California Catholic Athletic League.

All it will take now is a win over the Marin Catholic lads this Friday to put the Padres in the roll of champions for the second straight year. This game, by the way, will be played at night at the Sequoia High school field.

Much of the credit for last Sunday's sixth consecutive win, as in past games, can go to Colma star Tom Laramie, who played an excellent game as left half and scored two of the three Serra touchdowns.

Laramie scored in the first quarter with a 40 yard run between St. Mary's left guard and tackle. Then, in the second quarter, he dashed 19 yards to the 16, and a penalty put the ball on the 1 yard line for a setup by O'Connor, who again scored.

A light cloud burst held down the scoring to nothing in the second half, and rain so slowed up the game that the score at the end of the game remained 19 to 0.

Oh yes, that other touchdown was made in the second quarter when Monahan plunged over the goal line from the 2 yard position.

Sarto's Does It Again; May Be League Champs

It doesn't take too much figuring these days to see that Sarto's ball club will be the team to beat in the Class "A" National League.

Last Sunday the San Francisco Dodgers were the fifth consecutive losers to the Sarto team. They went down 10 to 5.

With only four more games to play in the League, the Sarto team shouldn't have too much trouble taking the championship.

A Daly City lad, 17-year-old Henry Morgan, is the pitching menace of the team. Backed up by one of the strongest battery of batters in the league, the Sarto boys haven't had, or probably won't have, too much trouble scoring a clean win over the other teams this season.

Sunday, Sarto's meets the Verdi Club at the Harrison field, 7th and Harrison. Game time is 11 a.m.

BILLY THE KID

Billy the Kid, one of the most notorious outlaws of the old west, is reported by the National Automobile Club to be buried near Fort Sumner in New Mexico.

Average hourly earnings of factory production workers in California in 1948 was $1.53.

The Overland Telegraph Company established communication between San Francisco and New York October 24, 1861.

The California Division of Fish and Game maintains 27 hatcheries, 26 for cold water and one for warm water fishes.

SPORTS

Jeff High Indians

From Milton TROMBORG'S TEPEE

Bogged down in the first half, the Jefferson Indians came back in the second half with two touchdowns to wipe their name off the no-win column by scalping San Mateo last Friday 13 to 0, on the losers' home field.

With this victory the Indians take themselves from the bottom of the cellar.

Jefferson overpowered the San Mateo team by a large margin. The Indians outcharged and outplayed the whole San Mateo team on both offense and defense.

After a fairly even first quarter, the Jeff Indians came back in the second quarter to score a touchdown that did not count.

Forcing San Mateo to kick from their own 2 yard line, the Indians took over the ball on the San Mateo 25 yard line.

Lunghi and Ritter drove the ball down to the 12 yard line. Here Bob Gallagher took an end sweep and ran over for the first tally, but the play was called back for a clipping penalty against the Indians.

This took the ball back to the 25 yard line, and here the Indians were stopped cold. This was the sixth touchdown to be called back this year for the Indians.

In the third quarter, the Jeff Indians started a drive from their own 40 yard line. Baggetta completed a pass to Don Green on the San Mateo 17 yard line.

Bob Gallagher ran the ball to the 9 yard line. Lunghi took a hand off and ran to the 2 yard line. George Ritter plunged over for the second tally, and this time it counted.

Ed Perrens' try for the extra point was wide, and Jefferson took the lead in the third quarter, 6 to 0.

Again the Jeff Indians showed their power on the ground by scoring two touchdowns in the fourth quarter, but again only one counted.

The Indians started from their own 38 yard line. After a few runs by Lunghi and Ritter, the ball was run down to the San Mateo 41 yard line.

Here on a hand-off from Baggetta, Ritter ran right through the San Mateo line and ran all the way for a 41 yard touchdown, but again fate met the Indians, and the play was called back because of backfield in motion in the Jefferson backfield.

Late in the quarter, the Indians again started a drive down field, starting from their own 35 yard line.

The Indians ran the ball down to the San Mateo 43 yard line.

Here, on an off-tackle play, Don Lunghi ran 43 yards for a Jefferson touchdown. Don took the hand-off from Vince Baggetta and ran into the secondary and then ran to the side lines. Seeing that four San Mateo men were after him, and a clear field was ahead, Don put on the power and ran all the way for the touchdown.

Not a man laid a hand on him. This time the play was not called back, and Jeff took the lead of 12 to 0.

Ed Perrens came in to try for the extra point, and this time he booted the ball between the crossbars. Jeff took the final score of 13 to 0.

At the sound of the gun, Jeff again was in San Mateo territory, but the gun went off before the Indians could get another score on the boards.

Outstanding in the Jefferson line on offense was Lou Picollotti. All through the game, Lou opened up all the holes. He hit hard and also played a good game while on defense.

Leroy Gonzales played his best game so far this year at the end position. Leroy, always a hard fighting end, played a good game while he was on defense.

Quarterback Vince Baggetta did what any coach could want. He called the right plays and handled the ball well. His passing was good and so was his running when he took the ball.

Leo Bricker did not play the good ball game that was expected of him.

Bob Gallagher ran well in the backfield and scored one touchdown that did not count. Ed Perrens did some nice kicking.

	Jeff	S.M.
Yds. Gained, Run., Pass.	308	191
Yds. Lost, Plays & Pen.	75	64
Number First Downs	13	9
Passes Attempted	13	10
Passes Completed	6	10
Fumbles	1	1

Yards gained by running: Lunghi, 140; Ritter, 78; Baggetta, 12; Gallagher, 43.

JEFF 20s BLOW UP

The Jefferson High 20s threw away their chance for the championship when they lost to Lincoln High last Thursday, November 3, on the losers' home court. They lost by a score of 24-27.

Coach Orlich's team had won four league games before meeting Lincoln.

They dumped San Mateo my the low score of 27-22.

Half Moon Bay was so bad that the 20s won by the easy score of 33-7.

Sequoia was no match, and they bowed by the score of 32-23.

Against Burlingame, the 20s had a rough go of it, but they were able to come out on top by the final score of 24-22.

Lincoln, up to this time, had lost every game so far this year. Most of the time they were beaten by 14 points.

Coach Orlich let his second team start off in the first half, and at half time, the Jeff 20s were ahead, 14-8.

In the second half, the first string went in and threw the game away.

Everything they did was wrong. Their shots were bad, and their timing off. Quite a number of fouls were called against the Jeff 20s at the wrong time.

The only player on the 20s team who looked as if he had any fight in him was Blanchard. Always trying, no matter if the team is ahead or behind, he always plays hard to the last second.

Frank Hartje was a little off his game and was only able to make three points.

High point man was Ray Record with ten points.

Coach Orlich said his teams' downfall was caused by overconfidence.

Jeff went into the game with four league victories. Lincoln came in with all their games lost.

You take it from here. Never think any game is a cinch.

It is usually the poorest team that dumps the best team, and this is just what happened.

The 20s still can take the championship if they can dump San Jose.

San Jose has not yet met defeat, and if the Jeff 20s defeat them, Jeff will be champs.

The 20s travel to San Jose Thursday, November 17, for this game.

10s DUMPED—24-34

Outplayed all through the game, the Jefferson High 10s went down in defeat at the hands of Lincoln by the score of 24-34.

The tens were outplayed in the whole game, but the team tried hard to come back in the last quarter and pull the game out of the fire.

SMJC Tackles Modesto Friday

With four straight victories behind them, San Mateo Junior College football players will take on a conference rival, Modesto College, this Friday afternoon, Armistice Day, on the San Mateo High School field.

The game, set for 2 o'clock, should go to the league-leading Mateans. Modesto will send a trainload of rooters and the band to the game.

San Mateo jaysee defeated the invading John Muir gridders from Pasadena Saturday evening on the Burlingame lighted field, 39-34, scoring the winning touchdown six minutes before the game ended. This non-conference game was the second with a southern college this term. Earlier the Mateans and Glendale tied at 13-all.

The student council is making plans for the big Homecoming Day and game for late this month. Menlo College will be the opponent in a day game, with a dinner and dance being planned for that evening.

White Sox Tie Red Sox 13-13

By Charles Jason

In a very tight and exciting game October 30, the Daly City White Sox played against the Red Sox for a tie game.

With the Red Sox taking the lead in the first part of the ball game, the White Sox battled uphill to tie the Red Sox 13 to 13.

From then on both teams were in tight spots and were in the spot of winning or losing.

Again Jack Groggins, Willie Neive, Gene Ramey, Bob Schlopfer and some of the other players showed their power at bat.

FROSH-SOPH TIE

The Jefferson High Frosh-Soph tied San Mateo 7-7 last Thursday, November 3, on the Jefferson field.

The week before the frosh won over San Jose, 27-0.

Though the game was close, Jefferson had the better ball club while on defense.

A few tough breaks on the three yard line gave the Mateans a chance to hold the Indians in the last quarter.

SSF Windbreakers Top Mustangs 14 to 6; Daly City Team To Play Petaluma Leghorns Thanksgiving Day

By Allen Pettigrew

Robbie Barbetti threw two touchdown passes Sunday for the San Francisco Windbreakers, and in so doing sealed the fate of the Mustangs 14 to 6 on Hunters field.

Some 1,100 people witnessed this, the most thrilling football game of the year, as the Daly City team, rated as a three-touchdown loser, showed real fighting spirit.

Though beaten the Mustangs were not humiliated, as everyone knew that it was only through unlucky breaks that the Daly City boys were defeated.

To lose this game was a heartbreaker for the local eleven, but their real sorrow lies in the fact that they had disappointed all of their loyal followers.

From the beginning, the breaks started piling up against the Mustangs. The Daly City lads kicked off to South City and after three plays they were forced to kick. Plyer took the ball on his own 10 and returned it to his own 22. But a penalty nullified the play and it gave SSF a first down on their 46 yard line.

Driving to the Mustang 16, they lost the ball after a brilliant defensive stand by Daly City. SSF had four scoring opportunities in the first quarter, but were unable to penetrate the Mustang end zone.

In the second quarter the Mustangs were concentrating on stopping the SSF ground attack led by the highly rated fullback Robby Barbetti. With four minutes gone i nthe quarter, Barbetti threw a 20 yard pass to Tate who went into the end zone for the first tally. Andy Boido converted to make it Breakers 7, Mustangs 0.

Then the firworks started. Midway in the period Marlowe threw a 45 yard pass to Chuck Adams who was finally knocked out of bounds on the SSF 14 yard line. In the next three plays, Mustang fullback Bob Dockery blasted over the two yard line for the Mustangs' only score.

The end of the half found the Mustangs put a successive downfield drive to the Breakers eight yard line only to have a short pass intercepted to end the scoring opportunity.

In the second half, with both teams anxious to score another tally, Aldo DeTomasi was hit at the line of scrimmage so hard that the ball well from his arms. Two Mustangs pounced on the ball, but the referee ruled that it was dead. This was loudly disputed by the Daly City team.

Then in the final stanza Barbetti hurled a 20 yarder to Tomasi, who again scored for the Breakers. Andy Boido made a successful conversion and the score stood at 14 to 6.

With this game the Mustangs end their regular league games. They have chalked up eight wins to two losses.

The final game will be played on Thanksgiving when the Mustangs tackle Petaluma. The Leghorns were the only team to down SSF and the local 11 realize if they can defeat Petaluma it will raise their prestige.

We wish to repeat that the Mustang team is deeply sorry to have disappointed their followers, but they will try to avenge their loss with a victory over the nationally-heralded Leghorns.

Women's Auxiliary For DC Boys' Club Now Being Formed

Being organized today is a Women's Auxiliary on behalf of the Daly City Boys Club.

The women joining this group will be asked to give their time to aiding the boys group. However, there will be various forms of entertainment for the members, and the auxiliary will offer mothers a splendid opportunity to get together.

Further information on the auxiliary may be obtained by calling Mrs. Patricia Arnaudo at JUniper 7-7535.

Meanwhile, a drive to collect funds for the club is still underway toay. Tickets are now on sale for a contest to be held at the Boys Club November 21. The winner of the affair will be awarded a turkey. Three large turkeys will be given away.

Tickets may be purchased from parents of boys in the organization, and from the boys themselves.

HORSING AROUND WITH TRAFFIC—When the big draft horse met his lifelike, all-steel rival on the streets of London, England, nobody knew quite what to do. In fact, there was a good deal of confusion and embarrassment on all sides. The big horse seems friendly enough, but the pint-size jockey probably wants him to go talk to somebody else.

NEWS FROM THE SCHOOLS

CROCKER

The pupils of Room 6 are studying the stars in their science lesson.

On a clear night only about two thousand stars can be seen with the naked eye. The Milky Way is composed of millions of stars.

As the stars do not keep the same time the various constellations are not i nthe same position each night at the same time. The stars make a gain of about four minutes each night. In a month's time they gain about two hours.

The great star Betelgeuse has a diameter of 200,000,000 miles across as compared with the Sun's diameter of only 866,000 miles.

The brightest srar in the skies is Sirius,, the Dog Star, which lies in the constellation of Great Dog or Canis Major.

The people of ancient times told stories to account for the "bears" and the other constellations. The Indians also traced out the figures of the "bears" and said that long ago the bears suffered from the winter cold. The Great Spirit pitied them and taught them to go into their dens when winter came and sleep until spring. To show them when it was time to go to bed for the winter, he placed two bears in the sky. When the sky bears are above Polaris (the North Star), earth bears should be roaming the woods. When the sky bears are under Polaris, the bears should be in their dens hibernating.

MOVIE

Students of Low 7, Room 5, found the still film, "Children of China" most helpful in forming ideas about the country of China. They found that most of the boys and girls their own age work very hard because they are so poor. However, there are a few wealthy people who have nursemaids to take care of the favored few.

Some of the Chinese children were very favored because they had a chance to attend mission schools, while many have no education whatsoever. In addition to learning about the 3 Rs in school, children learn to form Christmas ornaments and other things such as world globes.

Many small children live on houseboats and some of them do not even set foot on land until they are around six or seven years old. Naturally the children were not dressed as well as children of the U.S.A. The children in Room 5 felt glad that they live in the United States after having seen this movie.

THORNE EXHIBIT

The Thorne Exhibit of miniature rooms at the Legion of Honor in San Francisco, proved a source of interest and education to the eighth grade students of the Crocker School. Accompanied by the principal, and through the cooperation of Superintendent Snell, the school bus transported the students to the Legion of Honor in Lincoln Park.

After viewing the miniature rooms the group visited the other rooms in the Palace. The citizenship shown by these students was commendable, and recognized by the men in charge of the exhibit. Upon returning to school, the discussion brought out the many hobbies one can have, as well as a request by several of the students to build miniature rooms at school.

Integrated with art, social science, inasmuch as the rooms were American furnishing, together with oral language, and an interest to visit the Legion of Honor over week ends proved this excursion was well worthwhile. Supervisor Falconer was invited along as guest.

JEFFERSON

The primary and fourth grades of Jefferson school and Jefferson annex were enthusiastic participants in a costume parade on Halowe'en. Fred Bertetta, an eighth grade student, led one parade playing his accordion, adding an air of festivity. The annex boys and girls paraded around the school yard to the tooting of toy whistles.

Many interesting costumes could be seeen by the spectators. Such frightening creatures as black cats, ghosts, witches, skeletons and gypsies were intermingled with Japanese and Chinese maidens, cowboys, Mickie and Minnie Mouse fairies, and an amusing assortment of clowns.

HARVEST STUDY

Autumn and Hallowe'en have stimulated the first and second grades of Room 4 in the study of the harvest. The children have brought leaves, pumpkins, and flowers for the classroom. The study has correlated oral and written language, reading, spelling, music, and the use of many illustrative materials.

RED CROSS

The Junior Red Cross drive this past week has accentuated the interest of th boys and girls in the morning second grade, Room 4, in the magazine distributed by the organization.

Because the magazine deals with boys and girls all over the world, it causes the children to be cognizant of community life all over the world. They become more eager to discover the similarities as well as the differences between their own and other communities.

As "Life in the Community is their social studies project, the desire for exploration into their community becomes a basis of correlation for their language, arithmetic, art and spelling with social studies.

SOCIAL SCIENCE

The pupils of the third and fourth grade, afternoon session, always much interested in social science, had a new and interesting experience when one of the pupils, Barbara Jean Roller, brought a stereoscope to school. Barbara showed pictures of cavemen, their writing, homes and other evidence of their cultural habits.

Barbara also brought a book of pictures and stories concerning the cavemen. The stories were read to the children by Barbara Roller, James Stone, Nancy Golladay and Marilyn Davis. The educational value and enjoyment of the lesson were easily recognized by the attention of the children.

Rough Weather Ahead?

Colma City Council Calls For Bids On Extension Of Collins Avenue To Junipero Serra; Work To Begin Soon

Work will soon begin on the extension of Collins avenue thru to Junipero Serra boulevard, thus giving Colma a direct westerly connection to this vital thoroughfare.

At the regular monthly meeting of the Colma city council Wednesday, councilmen asked for bids on jobs of extending the streets. This would mean paving of Collins and about one-half mile of completely new road.

Bids will be opened for the job at 10 a. m. Wednesday, November 16, at the Colma city hall, E. A. Weisenburger, city clerk, said.

At the present time residents of Colma must go up to Market street, or take another southerly bypass to reach Junipero Serra boulevard.

Other than calling for a bid on this job, and approving payment of billsp, no other business was transacted by the council, Weisenburger said.

Honor Pathfinder

George Lathrop, driver on the famous Cheyenne - Deadwood stagecoach trail, is buried near the point in eastern Wyoming at which U. S. 20 and the old line intersect. An official monument marks the grave.

Overseas Markets

Southern farmers depend on overseas markets for about half of their cotton sales, and 30 per cent of their tobacco sales.

"Record" Reminiscence

From the "Record" 20 Years Ago
November 8, 1929

The executive board of Crocker PTA met at the home of Mrs. H. H. Standish, 538 Crocker avenue. Miss V. Roussel was guest of honor. Mrs. Standish proved to be a very charming hostess and those who enjoyed the afternoon were Mesdames I. Alexander, K. McDermott, J. Jordan, I. Reiman, E. Bolger, E. McDermott, J. Jordan, Cosbie, O. Pauw, G. R. Augustien and H. K. Standish.

Miss Claire Hansen entertained a large group of her friends last Saturday evening at a Hallowe'en party at the beautiful new home of her parents, Mr. and Mrs. Hansen, 64 Acton street.

Last Monday, with the opening performance of the "Desert Song" at the Daly City Theatre, crowded houses greeted the initial presentation by the new sound picture equipment recently installed.

The second annual California Livestock and Baby Beef Show opens tomorrow at the Union Stock Yards, South San Francisco.

Members of the drill team of El Carmelo Parlor No. 181, NDGW, are working hard to make a success of their turkey-whist party. The affair is in charge of Miss Audrey Diamond, drill major of the team.

From the "Record" 10 Years Ago
November 6, 1939

Mayor Paul G. Selmi was authorized by the city council to leave this week for Detroit, to bring back the two buses for Daly City's new municipal bus line.

Marlene Dietrich will cast her first American vote in California November 9 on five propositions, one of which is the "ham-and-egg" $30-every-Thursday proposal.

Price reductions ranging from $17 to $281 on Buick's 1940 models were announced today by the Belli motor company. A 121-inch wheelbase business coupe may now be purchased at $895.

Gus Schenk, 123 Santa Cruz avenue, became Godfather recently to Fred Ziegler, the son of Mr. and Mrs. Emil Ziegler, 520 Divisidero.

Gauging Hose

Don't buy sheer hose for every day use if you expect good wear. "Denier," which refers to the weight of the thread, should be the guide; for example, heavy duty rayon stockings should have a 100 denier; everyday hose, 65-75 denier, and sheer dress hose, 50 denier. Gauge, each 1½ inch must be considered also. Buy 51 gauge for 50 denier rayon; 48 gauge for 65 denier rayon; 45 gauge for 75 denier rayon; and 42 gauge for 100 denier rayon. Be particularly careful to get higher gauge if possible, but never lower.

Hogs and Rickets

Successful Farming magazine says that it is thought dark-skinned breeds of hogs are more susceptible to rickets than light-skinned breeds. Reason is that the dark skins absorb less ultraviolet light rays from sunshine.

FOLK DANCING

The fourth grade are learning folk dancing during their physical education period. They are beginning with the polka. Thus far they have learned the heel and toe polka and the glide polka.

They are enjoying this form of recreation combined with education very much. They hope to be among the first to use the new phonograph.

SUMMONS

No. 49208, Dept. No. 1

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

FREDA BURKS, Plaintiff, vs. HOUSTON BURKS, Defendant.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: HOUSTON BURKS, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 25th day of July, A. D., 1949.

NOTICE TO BIDDERS

Notice is hereby given that the board of trustees of the Jefferson Union High School will receive sealed bids for provision of the following equipment:

Bids will be received until 1:00 p. m., November 15, 1949, and will be opened at that time.

One 5 H P No. 2 H universal milling machine of the adjustable knee and column type. Column and base shall be a one piece, box section casting of high strength cast iron, efficiently trussed with broad, solid rear wall extending from the overarms to floor and unbroken by large openings. The water chamber shall be mounted cross wise of the column to provide solid rigidity to the rear column wall, accessibility to both ends of motor, and cross current air ventilation.

Range of speeds shall be from 35 R.P.M. to 1400 R.P.M. in one continuous series with large direct reading dial to indicate the speed in use.

Range of feeds shall be from ½" to 20" per minute.

A transverse unit shall be incorporated to provide constant rapid transverse in all feed directions.

Table of machine shall be approximately 50"x10" and shall permit 28" longitudinal travel.

Machine shall be provided with 5 H.P. motor and suitable control equipment to operate machine on 220 volt, 3 phase, 60 cycle current.

Standard equipment for the machine shall be provided.

Accessary equipment shall be listed as separate bid items and priced separately.

All equipment shall be quoted, delivered to the Jefferson Union High School, Daly City, California.

Trade in allowance on one Se Bland lathe shall be considered an integral part of the bid. Said lathe may be inspected by applying at the office of the district superintendent of the school.

The board of trustees reserves the right to reject any and all bids and to waive irregularities.

Pearl Jones, Clerk

Phenothiazine Poisoning

Phenothiazine poisoning is apt to occur when large doses of this worm medicine are given. Because some owners have no conception of the proper amount to give animals, there have been many cases of severe illness due to overdosing. Except in extreme cases, phenothiazine-poisoned swine recover with a minimum of treatment, but they must be kept out of the sun. If left exposed to hot sunshine, most of them will die.

Warped Door

Straighten a warped door by putting a third hinge midway between those already on the door.

Ticklers By George

"I never could see any point to living that way."

Make Use of Felt

Use felt from discarded hats for house slippers, a handbag, warm mittens for a school child. Grease spots come out of felt with dry-cleaning solvent—or the felt may be washed in mild, warm soapsuds, though this takes out some stiffness. Felt may be stretched slightly, shrunk, or molded with steam and a hot iron, and sewed by hand or machine the same as cloth. Since there is no raveling, there is no need to finish seams.

Sales Stimulant

Color as a sales stimulant cannot be overestimated, Raymond Lowey, celebrated industrial designer of everything from "lipsticks to locomotives," told the recent convention of the Painting and Decorating Contractors of America.

Heat Breaks Down Egg

An egg is never better than just after it is laid and summer heat will rapidly start to break the egg down. Experiments conducted at the University of Delaware have shown that eggs left in the nest only four hours after being laid deteriorated considerably.

"LIONS" ROAR AT DINNER

"Pre-Marital Fundamentals" was the topic discussed at a special dinner of the Lions Club, meeting in the Colonial restaurant, Junipero Serra Boulevard anpd Pierce Street, last night. A large number of folks from Daly City, Colma and Broadmoor attended the interesting function, termed "Ladies Night."

George C. Peterson, member of the Golden West Toastmasters and general credit manager of the National Lead Co., the speaker, was introduced by Dr. Norman DeMont, chairman of the gala affair, which included a number of games and other attractions.

Cocktails were served at 6:30, and one hour later the guests partook of a delightful turkey dinner Shortly thereafter, Mr. Peterson gave his enlightening talk.

A goodly sum was realized from the various attractions, part of which will go toward paying for the Christmas Party to be held just prior to the Yule date. Dr. Atkinson and John Titsworth were in charge of the funds and donations.

Mrs. Heagney Guest Speaker At Crocker PTA Meet

Guest speaker at the next meeting of the Crocker PTA Wednesday will be Mrs. Hilda Heagney, prominent local Girl Scout official.

The meeting will be at 1:30 p.m. at General Pershing school, 631 Hanover. This is a change of date as the election fell on the regular meeting day, November 8.

Mrs. Heagney will speak on "United Nations" and the part it plays in our schools. As Mrs. Heagney only recently returned from the Scout International Conference in New York city, she can speak authoritatively about the United Nations.

Mrs. Erwin Schmidt, PTA president, invited members and friends to be present at the Wednesday meeting.

Meanwhile, October was a busy month for PTA officials and members. The membership campaign in the school, thanks to Miss Tobias and Miss Suber, was a success and 67 new members have joined the PTA.

Mrs. Schmidt attended an assembly at Crocker school and presented Miss Kearney's room with a portable radio. The radio was the prize for the best campaigning room.

Then there was the beautiful tea and reception for the school personnel and new members.

The executive board met at the home of Mrs. Effie Jordan recently for a lunch and the usual business meeting. Mrs. Julia Jordan assisted at the meeting.

The same week Mrs. Ann Ingersoll gave a lovely benefit luncheon for Crocker members and friends to raise mony for a special project.

Mrs. Alga Bordson entertained the ladies of the PTA Tuesday at a lovely Hallowe'en luncheon and sewing day at her home. The following were present: Mesdames Schmidt, Betty Kohlbrenner, Emma D'Isep, Lillian Cavagnaro, Eve Hobbs, Effie Jordan, Olga Bordson, Ann Anderson, Julia Jordan, Florence McKay, Norma Clennell and Thelma Holcomb.

Plans were outlined fo rthe coming bazaar on December 2.

A sewing meeting was held Wednesday at the home of Mrs. Betty Kohlbrenner, 463 Evergreen.

SO WHAT

(Continued from Page 1)

bang in off moments of the battle of Leyte. And he pondered over the idea while packed in like a sardine on the transports traipsing him to the various fields of encounter.

Then came the bloody siege of Okinawa. There wasn't much time to think during that vicious onslaught. He was too busy following orders, going without sleep, trudging through mud and slime up to his hips.

But then a respite came in the form of a blackout. He was hit and during the time he was convalescing, there were plenty of moments for him to concentrate on his ambition.

In fact, he weighed the whole thing from start to finish and came to a conclusion just about the time that orders were posted to the effect he had won the coveted "Purple Heart."

As a kid he was fond of motors. "Tinkering Al," fitted him to a T. Moreover, there were very few repairs he could not perform on that tired old jalopy.

So when all was added up, he decided to follow the trade of a mechanic. That would lead to the day when he could step out to announce he was the proprietor of a shop.

Upon his discharge, he found a job driving a truck. Several years were put in at that arduous task, pending which he picked up plenty of know-how about what makes motors tick.

The next step up the ladder was a connection with a service station. That pleased him more than sitting behind a wheel, for he had the opportunity to meet people and learn the business side.

About nine months ago, he set about to find a station of his own. He told all his friends about his plan, asking them to keep an eye open for anything that might be interesting.

One day, he was informed that there was a possibility with the Rio Grande Oil Company. He sped right down to the office, but bad news awaited him. The station in question was gone.

However, the folks liked the cut of his jib. They told him to come back and when he complied, they negotiated for the station at 6260 Mission street, right behind the Bank of America.

Well, now he is set up in business. Furthermore, he asks you to come in and try his friendly and polite service.

A world traveler, a fellow that has trotted to the far away and remote corners of this seething universe is always interesting to meet. And it so happened we ran into one of them right here in our midst, namely, Guido (Jerry) Cerasoli, the parenthesis around the middle name being his.

Born and raised in Italy, the wanderlust bug hit him shortly after he finished school. With that, this soldier of fortune struck out for short or long stays in England, Turkey, Switzerland, North Africa, the Philippines, China, Japan, and most of the countries in South America.

His schooling equipped him for the art of electric welding in giant construction. While this was his vocation, he turned to many other types of work to keep the wolf happy. As he is tall, prepossessing and a linguist, he tried selling on a number of occasions.

Hence, he has known the gamut of life. In the money at times and then he has reached bottom with nary a cent in his jeans. But the ill luck never bothered him. For always he was able to extricate himself from the tight places by selling his personality.

Shanghai, China, the dream city for so many, holds a warm spot in his affection. He stressed the fact that just about every stage of life, from the direst poverty to sumptuous luxury may be witnessed in that Asiatic metropolis.

Then too, he saw at first hand, fighting and the ravages of war as indulged in by the Japanese and Chinese. He emphasized that his memory was seered in 1937 when the two forces battled to the death, leaving the mortal remains and the wounded where they lay.

But enough of the sordid side, Jerry preferred the lighter phase of his experiences. So he moved on to Manila where he joined forces with the Luneta Motors as a salesman, demonstrating Chryslers, Plymouths and De Sotos.

One day while on the main stem, he was presented to a pretty girl who bore the features of his own nationality, Italy. Sure enough, he learned that while she was born in the Philippines, her parents had migrated there from the boot.

Soon there was an attachment, then marriage. But only after she agreed to his penchant of wandering over the face of the globe. And so it has been for them together until now they have decided to remain in the U.S.A.

If you should want to meet Jerry, just stop by the showroom of Carl Haas, at 7070 Mission street, where he is selling Dodges and Plymouths.

New Building For Haas Motors

(Continued from Page 1)

estimated the potential values, then made the necessary reparations to conclude the deal.

Immediately, he was struck with the achievements of the Dodge cars and trucks and the Plymouth. He said it was no effort at all on his part to explain the attributes of these products.

Of course, being thoroughly sold on them himself, he quickly transferred his confidence to others. With the result that sales began rolling in as a regular and rapid thing.

Haas said that a fast count showed that he had disposed of approximately 300 new and used motors in a period of five years. He added he could have sold many more if the factory had given him a larger quota in the past several years.

When asked what was the most captivating part of his business, Haas recounted a number of novel sales he has made. "Out of the blue," was the way he described them.

"For instance," he said, "I walked into my office one morning to find a letter postmarked, 'Montecatini, Italy.' Now what in the world could that be about.

"Well, it proved to be an inquiry concerning a two ton Dodge truck. The writer was an American who was making his home in Italy, and the terse missive wanted to know what I could do for him.

Naturally, I sent him circulars, stressed the predominant factors of Dodge, but when my letter was in the mail, I wondered if I hadn't heard the last of it.

"However, after several exchanges, a signed contract was forthcoming, and the truck was shipped to him."

But that was only one interesting case. Haas asserted that he has sold a number of cars to members of the American armed forces in Japan. And all via the mail routine.

Another fascinating transaction came about through an inquiry from the E. W. McClellan Company, of Colma, large flower growers. They wanted to transport their blooms by truck, but there was the question of spoilage.

He got busy on the idea. He contacted the Chrysler factory, gave the details of the problem, and meanwhile, got busy on this end. After throwing out all other suggestions, the plan of refrigerated trucks came to light.

That did the trick. Blue prints were offered. Then tests were made. Finally, the last details were overcome, and a fleet of the strange trucks were ordered.

With that, Haas named a few of the large companies operating Dodge trucks. Said he, "You know the P. I. E.? It is the largest motor freight hauling outfit of them all. They use our three and a half toners on all of their routes except the inter-mountain hauls. Yes, they have a very large fleet, always in operation.

"Then there are the Progress Hog Co., the Progress Tallow Co., the United States Navy, the U. S. Department of Immigration, and a number of other national departments, just to mention a few, who are using Dodge Trucks."

In closing Haas said that there were many reasons why he is sold on the Chrysler Company and its products, and amopng them are, the cars and trucks have proven to be satisfactory to the public, and changes from year to year are minor. Chrysler has followed a policy of not making extraordinary alterations as they would depreciate the value of the previous car.

Roger Roussille

(Continued from Page 1)

hands.

During the ensuing minutes, the bandit instructed the Daly City man, and his party of five, to walk up the road in the beam of the automobile lights. This they did, except for Roussille.

"I wasn't particularly frightened, but I was darn mad. So half way up the road, I jumped behind a tree. Then the bandit swung the spotlight full on the tree. He cut loose with a burst of machine gun fire. Boy, that was enough prompting. I rushed up the road with the rest."

Finally aid came in a passing car. However, by the time Roussille returned to his car, the bandit had made off with everything, including a small bit of liquor hidden in the glove compartment.

"That was adding insult to injury," Roussille said.

Later investigation showed that one of the slugs fired by the bandit had missed Roussille's head by six inches. The slugs in the tree were equally close.

Incidentally, French police captured the bandit only one week after the Daly City man returned to America.

Luck always seems to be with Roussille.

During the war he lost contact with a boyhood friend, Bernard. Just previous to this Roussille married a girl from Tel Aviv.

A few years before, Roussille later discovered, Bernard in Paris also had married a girl from Tel Aviv.

Strange but true, although the two men had not seen each other in 28 years, they not only married women from the same city, but those women were also girlhood chums.

Little wonder then, that Roussille is entering a new business with confidence. With luck like that, who could lose?

There were 448,838,000 live chickens in the United States on January 1, 1949.

The California Rand Silver Mine, which closed down in 1930, produced a total of over $16,000,000 in silver and gold.

Seven flags have flown over Sonoma and the territory immediately surrounding it.

DALY CITY—COLMA

Weighing machines soon will be available for all gents and ladies wishing to trip the scales in Daly City.

At the regular meeting of the Lions Club Wednesday it was decided to have the machines distributed throughout town. Exact location has not yet been worked out, although they may be put in the front of ice cream and candy stores.

Money from the scales will be used to aid the Lions Club in child welfare work, an official said.

Meanwhile, at the Wednesday meeting the Lions got a good look at Ireland via a film on that Emerald Isle. The film was made available by Ed Wisenburger.

A lot could be said on that movie about the beauties of Ireland, but the "National Geographic" does a good job also, so all interested readers are asked to consult that publication.

Sunset Motors Opens New Used Car Lot In Daly City

Offering the best in used car bargains today is the new branch of Sunset Motors Co., a used car lot at 6747 Mission, Daly City.

Under the management of Claude Sempf, the modern well-lighted and landscaped lot opened for business Thursday, November 10. An experienced automobile man, Sempf is in a position to give the prospective buyer the best in used car bargains.

Many people in both Daly City and San Francisco are familiar with the Sunset Motors Co. Selling the famous General Motors products and Pontiacs, the organization has been in business many years at its modern, central location at 1215 Ocean avenue, San Francisco.

"For over a year we have looked for a good location in Daly City for a used car lot. Now we have it, we hope to establish a business that will be a credit to Daly City," John Shiner, company president, said.

Persons interested in purchasing a car are asked to remember the address of the new used car lot, 6747 Mission street. The lot will be open six days a week, Monday through Saturday from 9 a.m. until 6 p.m.

Local Eagles Invited To Meet Natl. President

A meeting in honor of the Fraternal Order of Eagles Grand Worthy President, William H. Mostyn, will be held this Friday, November 11.

The conclave will start at 7:30 p.m. at the headquarters of San Francisco Aerie No. 5. The earlier meeting will be open only to members, then at 9 p.m. the Aerie will be open to wives, friends and guests of all Eagles for an evening of entertainment.

All members of the Colma Vista Grande Aerie No. 1848 and friends are urged to attend to hear and to meet President Mostyn.

Representing the local aerie will be: Frank Davison, president; William Kennedy, junior past president; Reginald Calvert, Vice-president; Wilbert Carrington, chaplain; Leonard Carter, conductor; Delbert Fehl, inside guard; Hellis Bray, oustide guard, and J. Tom Rae, secretary.

DUCK HUNTING GOOD

Duck hunters have been enjoying some excellent shooting during the past week in the Medera county area. Many limits have been taken.

Traffic Fines Double: D.C. Police Work For Salary

"My old man doesn't work, he's a cop."

That not-too-funny line has been going around most towns for the past 100 years. In some cases it probably is quite true, but not here in Daly City, at least judging from some recent figures released by the police judge's office.

Last month, $3,203 was collected by the city from law violators. This is a record amount of revenue. Last year for the same month it totaled $1,611.

Now, figuring that there are 17 policement on the force, and that approximately 50 per cent of all tickets are written out by two officers on motorcycles, it's easy to see someone really has been working.

Now divide the $3,203 by 31, the number of days in October, and a little better than $100 is collected each day from tickets. With the average ticket written out for speeding, and this amounting to $7.50, the lads have been busy.

But why was almost twice as much collected from tickets last month than one year ago? Better weather, more men in good health, an efficient police force . . . these are some of the reasons given by Police Chief W. W. Sunderland.

It also might be noted that the number of drunken drivers has increased, as has the fine from $55 to $125, as compared with last year.

Yes, the boys in blue may not be popular with law breakers, but they're certainly an asset to the city treasury.

Eagle Publisher Tells Of Europe Trip And People

Communism is losing ground in Europe, but the causes that produce it are still existent.

These were the words Monday night of Robert W. Hensen, editor of Eagle Publications, who recently returned from the "Round the World Tour of Town Meeting of America."

The gist of Hansen's address was reported by Frank Davison, Colma Vista Grande Aerie 1848 FOE president, who headed a delegation of local Eagles who heard Hansen speak at San Jose.

Davison said that Hansen, who toured England, France, Germany, Austria, Italy, Israel and Turkey with the Town Hall party and talked with government leaders in each country, pointed out that Communism has little appeal for the plain people of Europe when they become familiar with life in America, and particularly when they receive sympathy, understanding and aid from this country.

Hansen related that CARE packages, the Marshall Plan, and America's welcome for displaced persons has been a big factor in stemming the Communist tide in Europe by letting the peoples of the threatened countries know America ha a heartfelt interest in their welfare Davison reported.

Colma - Vista Grande Eagles who heard Hansen were Secretary Tom Rae, Chaplain Wilbert Carrington, Conductor Leonard Carter, Inside Guard Delbert Fehl, Outside Guard Hollis Bray, Trustee Emil Bertelli, Trustee Sanford Sturdevant, Past Presidents William Kennedy, John Craig, John Patton, Bert Merrit, Larry Shaw, Glenn Wilkes, and other members.

Mrs. Josephine Pasero Dies

A long time resident of Daly City, Mrs. Josephine Pasero, 33 Vale street, died at her home last Saturday, November 5.

Mrs. Pasero is survived by her widower, Fred Pasero; a son, Fred Jr., and a daughter, Mrs. May Charlette. She is also survived by two sisters, Mrs. Margaret Calandra and Mrs. Maria Pierona.

Funeral services were held Tuesday at 10 a.m. at the chapel of Valente Marini Perata. Private interment followed the services.

Social Evening For Community Next Saturday

Come one, come all to the social get-together next Saturday, November 19, at the Daly City Masonic Hall, 17 Hillcrest drive.

The fun festival will be held at 8 p.m. under the auspices of the Edgewood Terrace Civic association.

In addition to a fine orchestra, there will be a community sing and othe rtypes of social activity. Dancing will be arranged so everyone from the jive fiend to the square dance lover may find something of enjoyment.

Those who don't dance also are invited, as games will keep them busy during the evening.

Everyone is invited to attend, and admission is free, well, almost. A box lunch, packed to feed two people, is the only ticket needed to get into the hall.

Raymond Ward is the chairman for the evening, and he will be assisted by Mesdames Vincent Moran, Del Wilson, Theodore Fleming and Knottingham.

INTERNATIONAL BOOK WEEK --- NOV. 13-19

Daly City Library To Celebrate Event With Bunting, Various Types Of Children's Books

With the theme "Make Friends With Books," the Daly City library next week will hold open house to all children in the area.

From November 13 to 19, International Book Week will be celebrated throughout the world. In keeping with the spirit of the week, the Daly City library will offer several interesting displays.

The children's room of the library will be decorated in colorful browns and yellows to lend the proper holiday spirit to the occasion.

In addition, many new children's books will be on display. These volumes will be of interest to any boy or girl between the ages of 6 and 14 years. They will cover everything from mathematics to pirates.

Now in its 31st year, Book Week has become a cultural and social event in countless communities throughout the world.

Principal object of the week is to explain to both children and parents that books can be as much fun as Christmas or any other festive occasion. Unfortunately, many of the younger set think only of books as a necessary evil. It is the hope of the week that this idea may be overcome.

Books can and will help this community as a means to inform children "what it's all about" in all matters from every-day living to the wonders of beauty and imagination.

"An awareness that good books for children are an important and possibly a decisive factor in life is the primary purpose of Book Week," Mrs. Marcie Trier, Daly City librarian, said.

Any child living in this community may check out books merely by getting his or her parent's signature on a card.

Why not come into the library next week with your children? That one "trip" may mean the difference between happiness and woe for your Johnny or Mary.

LININGS NOT ONLY COST

Driving in such a manner that severe use of the brakes is necessary is costly in more ways than mere lining wear. Think of the energy generated by the engine to get up to such a speed that becomes pure waste when the car has to be stopped suddenly. The motorist who drives more slowly and is able to coast to an approximate stop is the one who gets most gasoline mileage in the course of a year.

STRIPED BASS ANGLERS HAVE LUCK

Striped bass anglers have been having first-rate luck lately along the San Joaquin, Sacramento, and False rivers in the Contra Costa county area, reports the National Automobile Club. They have taken many large fish.

Winners Of Recr't'l Department Events On Hallowe'en

(All names in the following story were submitted by party chairmen. Please don't blame the "Record" if they are not correct. There just are too many names to check each one.)

As reported in this paper last week, Hallowe'en in Daly City was a comparatively quiet event.

Much of the credit for this phenomenon can go to the Daly City Recreation Department, and its director, Elman Rose, for sponsoring a number of parties.

Lack of space did not permit us to run names of all those who won prizes at these parties last week, but we hope now to make up for that ommission.

Following is a report of some of the activities the evening of Hallowe'en:

PEORIA SCOUT HOUSE — Highlight of the evening was a costume parade. Laurie Smith took first prize for the prettiest bit of holiday wear, while Earl Pollock and Gary Borne came in first and second, respectively, in the funniest category. Jeanne Genochio, a 17-month-old girl, had the most original costume.

In addition to the parade a talent show and marshmallow race was also held.

Bill Tergis was master of ceremonies, while Mrs. M. Larson was chairman for the evening. She was ably assisted by Messdames Sara Tergis, George Windhurst, Wallace Heffron, Dorothy Carr and Mary Larson. Miss Louis Kramer assisted Bill Tergis.

GENERAL PERSHING — The Hallowe'en party at General Pershing was a howling success (literally). A constant stream of ghosts, goblins, skeletons, and other weird, beautiful, or funny apparitions, poured through the halls and rooms of the school.

Highlight of the evening seems to have been when the lights went out on this weird procession and Mrs. R. F. Traxler, hurriedly filled in by playing the piano — perhaps to keep the gruesome company from being frightened of each other.

One of the funniest sights was a young man, dressed as a 1920 "flapper" in a short, straight dress, displaying the handsomest, most muscular legs, and the largest feet ever seen on a "flapper." He spoke in a falsetto voice that completed the funny picture. Such is the spirit of Hallowe'en.

Costume prizes were won by: Georgia Anne Freeland, Sharon Wise, and Kathleen Plant, prettiest; Donnie Harris, Russell Buddy, Steven Traxler, funniest; Rocky Runge, Jerry Newton, and Carol Bruch, most original.

Crocker eating contest was won by Richard Semanski. Passing the orange, by Herb Stewart, Carl Longevn, Maureen Heaney, and Fred Newton.

Chairmen of the event were Mrs. D. C. Gensel, Mrs. George Freeland. Masters of ceremony: Jack Root and Erle Johnson.

JEFF HIGH CAFETERIA — Highlights of this program, under the supervision of Mrs. Ed Dennis and Mrs. Louis Bertetta, were a cracker eating contest, movies, the costume parade and refreshments.

In the costume parade Donna Dennis, Georgina Violoa and Grace Garrone took the prizes for the prettiest, while Geraldine Tasser, George Fresenberg and Judy McCouglorigh, took prixes for the funniest. Linda Bertuccu, Richard Curtis and Richard Lair had the most original costume.

Prizes won for costumes in the age group of 10 and over went to Carol Dumser, Darlene Haynes, Mary Lewis, Angela Sunderland, Arthur Williams, Billie Fairchild, James Rector, Edward Dennis, Pat Boyle and Bob Store.

Mike Orlick was the master of ceremonies, and he was assisted by Ed Dennis and Mesdames Lillian Bertucci, Serinian, Marge Lair, Elsie Funcha, Verna Paoli.

Contestans in the amateur show included Wayne Flansburg, Marlene Dreylus, Patsy Bryant, Ernest Hansen, Bob Stone, Charles Erickers, Arlene Trapp, Betty Green, Dorothy Standridge, Judy Zacher, Peggy Zacker, Marlene Spencer, Patsy Hunskererger, Annette and Pearl Regis, Ronald Kalinin and Gerald Kennedy.

CASTLE ROCK — At this teenage party about 150 lads and lassies danced and ate doughnuts and drank cider. The party as under the direction of Mrs. Ann Eason, assisted by Ed Cassilagio and Mrs. Eve Hobbs.

BELLEVUE HALL — The doors were opened at 7 p.m., and soon the hall was jumping with dancing couples. The crowd ranged from all ages, and they danced a variety of folk dances.

Later in the evening the grand march was held and prizes were awarded for the costumes. This was followed by stunts and games.

Costume prize winners included Carol Donofrio, Dori Varni, Madeline Bower, for the prettiest; Billy Beacher, Dormey Harris for the most original.

Those who assisted at the party included Bill Fear, Mrs. Jean Fear, Carl Curry, Jack Caine and Michelson, Calvin, Peral Caine,Myrtle Curvy, Ronald Dickson, Arlene Pool, Dorothy Shipman, Phyllis Blackburn, Ed Nolan, Lorraine Bergsrom, Carol Clarke, Jack Patton, Edith and June Prescott and Patsy and Margaret Michelson.

JEFF HIGH LITTLE THEATRE — A costume parade and movies were the highlights of this program. In addition there was a community sing and refreshments.

Costume prize winners include Louise Ann Kusper, Gary Corell, Gerald Stevens, for the prettiest, funniest and most original, respectively.

Contest winners included Sharon Waller and Michel Knox.

Those who helped to make the party a success included Mesdames Cheatham, Firpe and Mr. and Mrs. Sorenson and Berg.

OLPH SCHOOL — Witches and goblins rode in to the OLPH school auditorium Monday night and approximately 500 children joined them to celemrate All Hallows Eve.

In charge of the affair were: Mr. Fischer, recreational director; Tess Sullivan, chairman; Lee Miller and Sue Schroeder, prizes; Mary Tielsmann and Mary Thiebaut, refreshments; Mary Tielsman, Lee Miller, Mary Thiebaut and Sue Schroeder, decorations; Valetta Ennis, Robert Miller and Hans Schroeder, judges.

The children were grouped according to age and prizes were offered for the prettiest, most original, and funniest costume. The winners were, respectively: 6 years and under, Donna Amado, Judy Denning and Chris and Gregory Mills; 7 to 10 years, Carolyn Merritt, Ralph Hubert and Linda Weinholtz; 11 years and over, Wahneta Viele, Vernon Waligora and Sheila Sullivan.

Contests of all kinds were held. Winners of the marshmallow eating contest were Howard Klein and Patricia Sardi. Many other winners' names were not available owing to the crowd, confusion and excitement which reigned supreme.

TIME CONQUERS—Only a miracle can save the oldest British warship afloat from destruction. HMS Implacable, only surviving ship of the Battle of Trafalgar except Nelson's flagship Victory, is scheduled to be stripped and sunk in the 90-fathom Hurd Deep, off Alderney in the Channel Islands. There are no funds to preserve the historic vessel. Above, workmen remove the bowsprit in preparation for Implacable's last voyage.

Ticklers **By George**

"Joe always likes to sleep with his head under the cover."

Women Of The Moose, Chapter 739 To Hold Initiation Wednesday

An open initiation meeting will be held by Women of the Moose, Chapter No. 739, Wednesday, November 16, at Moose hall, 3055 16th street, San Francisco.

The meeting will get underway at 8 p.m. Hostess of the evening will be Pearl Smith. Everyone is invited to attend.

The last regular meeting of the group was held November 2.

Vets May Buy Back Education Time

Any veterans in San Mateo county who are close to the exhaustion of their entitlement to federal educational help under the GI Bill of Rights are advised by Floyd D. Granger, veterans service officer, to look in to the matter of repurchasing some of the leave time charged against them.

They may find, he said, that it is possible to extend the period of their right to GI Bill subsistence and tuition payments.

Granger explained it this way:

Unless a veteran-student specifically requests otherwise in advance, he is placed on "leave" for 15 days at the end of the enrollment period. He is paid subsistence allowance for this leave time, but it is charged against his total entitlement.

If a veteran now finds that he has only enough GI Bill entitlement to carry him, for example, to a date 12 days before the midpoint of a college term, he would have to complete the term at his own expense. But if he has entitlement enought to carry his past that midterm date, he can complete the term at government expense.

Under new regulations, according to Granger, that veteran can now "buy back" 13 days of his leave time, by refunding to Uncle Sam the subsistence paid him for those days. The cost of this is far less than the monetary gain to the veteran that would result, he pointed out.

Further information and assistance along this line is available to interested veterans at the Veterans Service Office located in the courthouse, Redwood City.

Women Wanted For Government Jobs In Japan

Good civilian jobs in Japan with the Department of Army are available to Daly City women who are qualified librarians, recreation directors, or manual arts instructors.

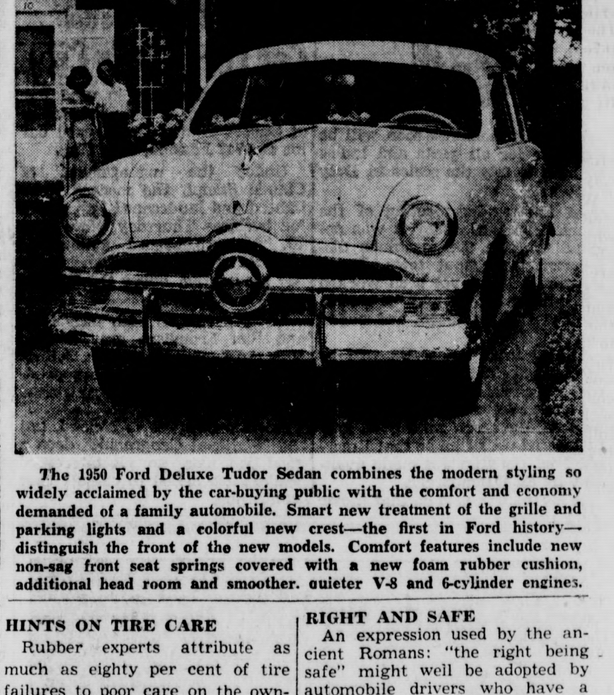
N. H. Pedersen, manager of the California Department of Employment office here, announced today that well-qualified women are being sought by the Army to fill nearly 100 positions in these occupations.

"Greatest demand is for recreation directors," Pedersen said. "Jobs are available to 60 women between 24 and 30 years old who are college graduates and have had one year of experience in adult recreation work or six month of experience as recreational assistants in Army Service Clubs. These jobs pay $2724 or $2974 a year, depending upon the applicant's qualifications, plus an additional 10 per cent for overseas assignment."

Qualifications for the seven manual arts directors needed are somewhat higher. Applicants must be between 25 and 40 years of age, know wood and metal shop work, photography, leather and other crafts, and have had four years' experience in conducting organized programs or classroom instruction. Pay for these positions is $3727 a year, plus 10 per cent for overseas work.

Twenty women are needed as librarians. These positions are open to women between 25 and 40 years old who hold library degrees from accredited universities or college and have had one year of professional library experience. The salary is $2974 per year, plus the usual 10 per cent.

Application forms and detailed information about these positions may be obtained at the Department of Employment office at 215 Linden avenue, South San Francisco, Pedersen said.



The 1950 Ford Deluxe Tudor Sedan combines the modern styling so widely acclaimed by the car-buying public with the comfort and economy demanded of a family automobile. Smart new treatment of the grille and parking lights and a colorful new crest—the first in Ford history—distinguish the front of the new models. Comfort features include new non-sag front seat springs covered with a new foam rubber cushion, additional head room and smoother, quieter V-8 and 6-cylinder engines.

HINTS ON TIRE CARE

Rubber experts attribute as much as eighty per cent of tire failures to poor care on the owner's part, according to the National Automobile Club.

In changing a tire, it's a great temptation to leave off the little valve cap. Don't succumb. That cap performs a valuable function in keeping dust out and clean air in.

It is a mistake to repair a puncture with a small patch, as many motorists have discovered. Care, therefore, should be exercised in cutting the patch to see that it is more than ample.

Check the condition of the jack every so often. It's not used so frequently these days, but when a tire has to be changed it's worth its weight in gold.

PRACTICE PATIENCE

Motorists who get caught behind a slow-poke on the highway would do well to practice patience. It is much better to lose a few minutes by waiting until the road gets straight and open than to lose your life by attempting to pass on a curve.

RIGHT AND SAFE

An expression used by the ancient Romans: "the right being safe" might well be adopted by automobile drivers who have a tendency to weave from lane to lane. Keep to the right, urges the California State Automobile Association, and pass other cars only when you are sure it is perfectly safe to do so.

Many *Exclusive* Features Every Week! THE DALY CITY RECORD

NATIONAL CHURCH MONTH

(This is the second in a series of articles on National Church Month. The articles will appear each week through November. They are written by the ministers of churches in the Daly City area.)

By The Rev. Herbert P. Schroeder
Bethel Lutheran Church

The church occupies a very prominent place in the American way of life.

We enjoy the privilege of having churches throughout our nation, which meet a very vital part of the life of our citizens. Some of them are situated at the great centers of population and are strong, but many are in the neighborhoods of the cities, in the small towns and in the communities. If all denominations are taken into consideration, there are hundreds of small churches carrying on their work in secluded centers. "A city set on a hill cannot be hid" was the declaration of Jesus Christ, and is largely true with many churches even in small communities.

In spite of its handicaps and weaknesses, the church stands as a light that cannot be hid; it stands as the beacon of its community. It is in the community what the handful might have been in ancient Sodom, the Savior of the place. The church stands for the best in life and service.

Everyone who takes the pains to look beneath misunderstandings and poorly informed criticisms, knows that anyone needing help can get it at the hands of the church.

From the church for centuries there has gone out into the world, a vast army of people whose lives have been sweeter, cleaner and more useful because of what they have learned there. And there are millions who love the church more than they love any other organization on earth.

Calvin Coolidge once said, "All our learning and science, our culture and our art, would be of little value unless followed by high character. A trained intelligence can do much, but there is no substitute for morality, character and religious convictions. Unless these abide, American citizenship will be found unequal to our task."

TOUGH HOMBRE — Watching a New York rodeo show is four-year-old Peter Verbeck, one of the hardest riding cowboys left east of the Mississippi. When folks see Peter whip out that six-gun of his they generally duck for cover. Come on, Pete, we'll head 'em off at the gulch!

Activity Calendar

FOR WEEK BEGINNING FRIDAY, NOVEMBER 12 TO THURSDAY, NOVEMBER 17

BOY & SEA SCOUTS

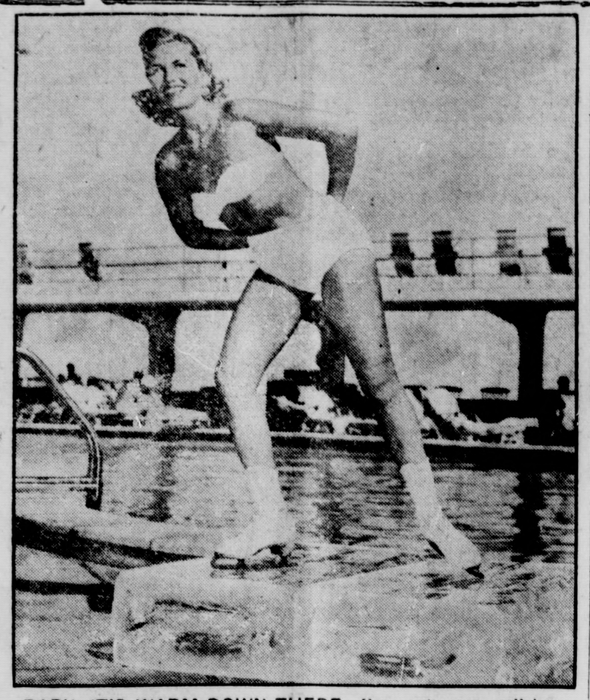
Thursday, 8:30 p.m. — Court St. Mary No. 1155, CDA, Masonic Temple, 17 Hillcrest drive.



BABY, IT'S WARM DOWN THERE—You can't very well have a picture of an ice skater without ice skates, even in balmy Miami Beach. So the iceman cameth, lugging these two big cakes, just so comely Helga Brandt, Swiss skating star, could pose in character.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

BEARS — Ends December 31. Bag limit: 2 per season. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

PHEASANTS—November 18 to November 27. Bag limit: ten male birds per season, but not more than two per day. Shooting hours: from 8 a.m. to sunset. Pheasant tag must be attached to leg of each bird taken.

QUAIL — Begins November 18. Ends November 27 in districts 22, 4½, and all of district 4 except Orange county (southern California). Ends December 15 in district 1¾ (northeastern California). Ends December 31 in balance of State including Orange county. Bag and possession limits: eight per day. Shooting hours: 8 a.m. to sunset until November 27; one-half hour before sunrise to one-half hour after sunset otherwise.

TREE SQUIRRELS — November 18 to December 31 in specified sections of central and northern California only. Consult abstract of hunting regulations. Bag and possession limits: two per day. Shooting hours: from 8 a.m. to sunset until November 27; one-half hour before sunrise to one-half hour after sunset otherwise.

RABBITS — Ends December 31 in southern California districts 4, 4⅛, 4¾, 19, 20, and 22. November 18 to December 31 elsewhere for brush and cottontail rabbits. No closed season elsewhere for jack rabbits. Bag limit: 8 brush and cottontail. No limit jack rabbits.

DUCKS, WATERFOWL — October 21 to November 9 and December 19 to January 7, except along Colorado River, where season extends from November 18 to January 6. Bag limits: 5 ducks per day, including one wood duck; 6 geese with not more than 2 of dark species, or brant; 15 coots, 25 mergansers. Shooting hours: one-half hour before sunrise to one hour before sunset, except on opening days when shooting starts at noon.

STEELHEAD TROUT — Begins November 1 in specified waters of northern and central California counties. See abstract of angling regulations. Bag and possession limits: three trout or salmon or combination thereof.

STRIPED BASS — No closed season. Bag limit: five fish or 25 pounds and one fish, or two fish regardless of weight. Minimum size limit: 12 inches.

CRABS — November 15 to July 31. Bag limit: 10 in Eel River, Humboldt and Trinidad Bays; none elsewhere. Size limit: no males under seven inches. No females may be taken.

Woodrow Wilson Parents May Meet Teachers Nov. 16

Meet the teachers and see the new annex to the Woodrow Wilson school.

This was the invitation today of Woodrow Wilson PTA, sponsors of a Teacher's Reception at the school November 16. Activities will begin at 8 o'clock.

Everyone is invited to attend, and especially those parents with children attending the school.

In addition to viewing the recent annex, those attending the reception will have an opportunity to meet the school's teachers.

Mrs. Ethel Hahn, principal of the primary grades, and Miss Aileen Suber, principal of the elementary grades will introduce the teachers to the parents.

A musical program also will be part of the evening. Instrumental and vocal solos will be given by various members of the community.

Plans for the reception were discussed last night, November 10, at the home of Mrs. Henry Adami, 443 Hillside boulevard. Present at the meeting were those members in charge of the reception, Mesdames J. Ausano, Ralph Wakehouse, William Cheatham and Earl White.

DON'T RACE MOTOR

Racing an automobile engine during the first few minutes of the warming-up process increases risk of rapid wear on pistons, piston rings and cylinders.

SAFETY FIRST

When you drive, always put safety ahead of speed in your thinking, urges California State Automobile Association. Remember that excessive speed is the enemy of traffic safety.

Nov. 15 Mailing Deadline For Sending Parcels To Overseas G-Is

Deadline for mailing Christmas parcels and greetings to servicemen overseas is November 15, John F. Fixa, postmaster, said today.

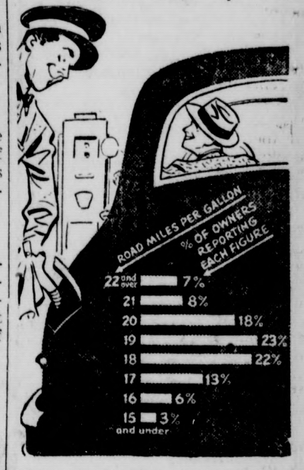
For those who have difficulty meeting the November 15 deadline, Postmaster Fixa suggests the use of air mail and air parcel post.

He further advises that addresses of senders and addresses appear on the wrapper in ink and that they also appear on a card inserted inside the parcel.

Packard

STUDY SHOWS BETTER MILEAGE

DETROIT—Many motorists are obtaining more miles to the gallon of gasoline this year than in 1948, according to the just completed annual economy study of the Packard Motor Car Company.



Engineers believe improved driving habits responsible for the greater mileage.

Figures were collected from more than 1,000 owners of the new Packard Golden Anniversary Eight, equipped with overdrive. The data revealed, as in the past, variations in mileage due to individual driving habits, traffic and temperature but there was a general improvement in mileage despite an increase from 130 to 135 horsepower in the model studied.

"Nearly 60 per cent of those reporting now obtain between 17 and 19 miles to the gallon," explained Vice-President William H. Graves, Packard director of engineering. "Last year, only 53 per cent so reported. At the same time those obtaining 16 miles and under have dropped from 15.5 per cent last year to nine per cent in 1949."

Speed of Ocean Waves

The greatest apparent speed of an ocean wave is about 27 miles per hour, according to the Encyclopaedia Britannica. Ocean waves reach a height of 50 or 60 feet in the south Atlantic off the Cape of Good Hope.

SEPARATED—Bob McKinley, 19, a Dale, Okla., Future Farmer, and "Herschel's Pride," his 1190-pound Hereford steer, were close pals when this picture was taken at the American Royal Livestock Show, Kansas City, Mo. But they are separated now. "Herschel's Pride" won the grand championship and Bob sold him to Eddy Williams, Kansas City, Kan., meat packer for $1785. Bob will use the money to get married.

TIME TO REDUCE THE WASTE LINE!

PREPARING FOR THE WORST—Wearing anti-radioactive suits, these civil defense trainees at Easingwold, England, test an artificially created "area of atomic devastation." Instructors are being readied for the expansion of the civil defense program in November. England wants to be prepared.

WHEN TO USE SECOND

That snappy pick-up in second speed should suggest an idea to the car owner who finds himself dawdling at the traffic lights, advises the National Automobile Club. Staying a little longer in second gear, instead of racing through it, will add yards to the distance one covers in the first few seconds. It speeds up traffic, and does to safely.

On a down-grade when the traffic is heavy and moving slowly with frequent stops it is better to go into second gear. In this combination, the engine is more efficient as a brake. A faster get-away is also possible.

LIMITS OF MALLARDS BAGGED

Many limits of mallards have been bagged during the past few days on clubs along the Auburn Ravine west of Lincoln in Placer county Shooting has been fairly good for unattached hunters along canals and ditches in this same area.

Strelitzia Reginae, the bird of paradise plant, is a native of South Africa.

Firearm Laws For Hunting Birds Explained

Most arrests for violation of federal waterfowl regulations are being made in California these days for improper use of firearms, say wardens of the Division of Fish and Game.

Leading the list is the so-called "unplugged" gun. In taking ducks, geese, and other migratory birds, any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off or plugged with a one-piece metal or wooden filler incapable of removal without disassembling the gun, is prohibited.

No more than three shells may be held in the chamber and magazine combined.

It's legal to go after ducks with a bow and arrow, if you wish, but leave the shotguns larger than 10 gauge at home. Also on the taboo list are cane guns, extension automatics, rifles and pistols.

Shooting waterfowl from a power boat, sail boat under sail, sink box, automobile, or aircraft is prohibited.

There have been no changes in California county boundaries since 1907.

Quail Wings Wanted By State Game Department

The man who collects quail wings for the State wants some help from California hunters.

E. V. Miller, game biologist of the Division of Fish and Game, is conducting a Pittman-Robertson study called "The Life History and Management of Mountain Quail in California." This joint federal-state project is designed to find out some of the vital life secrets of the native bird and provide better future hunting.

An important part of the three-year investigation is determination of old-young ratios as a measure of annual hatching success and survival of young birds. This can be done, Miller reveals, by "reading" quail wings.

When the quail hunting season opens November 18, the state biologist wants successful mountain quail hunters to ship one wing from each bird to E. V. Miller, Division of Fish and Game, Route 2, Yreka, California, with a note reporting the county in which the quail was taken, and if possible, the date and specific locality.

Cooperating hunters will receive a letter from Miller telling the results of the contribution.

Only mountain quail wings are needed in the study. This species is easily identified by a top-knot of two straight, narrow black feathers on the head.

CHECK THAT WINDSHIELD WIPER

With rainy weather right around the corner, wise motorists are checking up on the condition of their windshield wipers, declares the National Automobile Club. A fresh blade in an efficiently working wiper will go a long way to keeping your windshield clean, and a clean windshield will go a long way to keeping you safe.

In exchange for fifty over-age destroyers, the United States obtained 99-year leases for naval and air bases in British possessions along the coast of the Americas.

Fresh coffee always tastes better
. . . and coffee is always fresher at SAFEWAY

Enjoy the full, fragrant goodness found only in coffee that is truly fresh. Make your selection at Safeway where coffees are always guaranteed fresh!

FOR EXAMPLE: If you like a mild and mellow flavored coffee you'll like our Airway brand. It comes in one and three pound bags and you can have it ground as you like it when you buy. Another excellent buy in coffee at Safeway is our own Nob Hill brand . . . it's a rich blend that really satisfies. It comes in whole-bean form and it's ground the way you like it best when you buy. You can save from 5c to 10c per pound when you buy these whole-bean coffees, too!

ADVERTISED PRICES EFFECTIVE NOVEMBER 10 - 12

"These prices effective in San Francisco and Daly City. Most of these prices also apply to South San Francisco, San Bruno, Millbrae, Burlingame, San Mateo. Carlos and Redwood City, but residents of these cities are advised to see their local newspaper for local prices."

Christmas Begins Early

At Oakland, Calif., young people recently arrived from foreign countries prepare Christmas gift boxes for shipment to children overseas. The work is done under guidance of the Junior Red Cross.

County Begins Survey For New Broadmoor Street

County engineers this week were surveying the cost of putting in a street from 87th to Highway No. 1 in the Westlake area.

The survey followed a talk last Friday between the county planning board, Mayor Paul Green, A. J. Bodien, works superintendent, and other city and county officials.

Earlier a preliminary map of the planned road had been completed. This map was presented to the planning board.

"They seem to agree the road is a necessity," Bodien said.

Plans call for a road, 300 feet east of White street, Broadmoor, to Highway No. 1 and the business district in the new Westlake project. There would also be a cutoff to connect Broadmoor with Lake Merced boulevard.

At the present time the only connecting links between the two new areas are Junipero Serra boulevard and Sunset drive.

Following completion of the survey, the plan will come up before the county board of supervisors. If it meets with their approval, and after necessary "red tape" has been completed, work on the proposed street will begin.

The "red tape" will consist of purchasing or trading small bits of property from the Jefferson elementary school district, San Francisco and Lake Merced Golf course. Also it would mean moving two homes on 87th street.

Army, Air Force Wants Recruits

Attention young men! Are you now possessing a high school diploma and looking for a job "with a career" and the greatest advantages ever offered?

If you are, then you may have that dream fulfilled just for the asking. The army is offering to young men that are high school graduates their choice of a specialized school before they enlist. What's more there are no fees attached to this school, in fact, you are paid while learning.

Some of the schools offered are in such fields as: medical corps, signal corps, corps of engineers, ordnance and transportation. These schools are assured if applied for before enlisting, of course you must complete your basic training.

Why not visit your local U. S. Army and U. S. Air Force recruiting station, Post Office building, San Mateo, and get the full details today. You might be overlooking the greatest opportunity of your lifetime.

Also it was announced today by M/Sgt. William D McCants, local recruiting officer, that there are a limited number of vacancies for enlistment in the air force.

A recruiter will visit Daly City every Monday to answer any questions concerning enlistments. He will be at the Daly City post office from 9:30 to 11:30 p.m.

SALMON FISHING GOOD

Salmon fishing has been good lately along the Sacramento river in the vicinity of Sacramento, Sacramento county, reports the National Automobile Club. Many sizable fish have been landed.

Survey Completed On G-I Training

The average veteran training under the GI Bill is nearly 27 years old.

At the time he entered GI training, he already had had three years of high school.

Slightly over 50 per cent have one or more dependents.

Ninety-nine out of every 100 veteran trainees are males.

About 6,340,000 veterans have had some sort of GI Bill training since the law went into effect in June, 1944. This is about 40 per cent of the 15,000,000 eligible veterans.

These are among the conclusions contained in a Veterans Administration study of the characteristics of veterans training under the GI Bill in schools, on-the-job and in institutional on-farm courses.

The study, recently completed, was based on V-A data as of November 30, 1948. The averages apply generally, today.

College students were in the youngest group of veteran-trainees, the study disclosed. Their average age was 25, compared with the over-all average—for veterans in all types of training — of 26.6 years.

Institutional on-farm trainees, with an average age of nearly 30, were the oldest. Job trainees averaged 27 years of age, and veterans in schools below the college level averaged 28.

The study revealed that 65 per cent of the veteran-trainees had had some high school training at the time they entered their GI Bill courses. Eighteen per cent had gone to college, while 17 per cent had not progressed beyond elementary school.

Almost 47 per cent of the GI Bill trainees had no dependents, according to the V-A study. Another 33 per cent had one dependent, and 20 per cent had more than one dependent.

More institutional on-farm trainees had dependents than did veterans in other categories of training. Eighty-one per cent of those enrolled in the farm program had dependents.

STILL YOUNGER—Dickinson College, Carlisle, Pa., claimed its Phoebe G. Follmer, 26, is the nation's youngest dean of women. Counterclaim is entered by Howard Payne College, Brownwood, Tex., which points with pride to its 25-year-old dean, Sara Mae Freeman, above.

SM County Bldg. Lags Behind '48

Down $1,472,728 for the first 10 months of 1949, as compared for the same period last year, were building permits issued to the unincorporated areas of San Mateo county.

The total this year to end of October was $14,269,126, compared to last year's $15,741,854. However, the October permits for this year were ahead of the permits for October, 1948, $1,803,180 to $1,173,556, A. W. Russell, building inspector, reported.

Last month, 177 permits were for new residences at a value of 11,351,475; 38 for residential alterations with a value of $84,500; 45 for new non-residential construction having a $353,765 value, and 26 for non-residential alterations worth $13,440.

San Mateo County Red Cross To Hold Disaster Institute Next Week

A four-day disaster institute will be held by the San Mateo county Red Cross beginning this Tuesday.

Meetings will be conducted at the Helen Percy Chesebrough Chapter House, 1449 Bellevue avenue, Burlingame.

Purpose of the institute will be to train personnel in the techniques of extending emergency and rehabilitation aid.

Further information may be obtained by calling Mrs. Charles Grigg, director of public infromation, at DIamond 3-4561.

SALMON AND STEELHEAD TAKEN

Many salmon and steelhead are being taken at present on the streams of Del Norte county, according to the National Automobile Club. The average of fish per person is very good.

WHAT'S A LEG TO THESE BOYS?—Anything can happen, and usually does, at a Chicago restaurant which is the meeting place for the Chicago Magicians' Round Table. Joe Berg, left, demonstrates his latest invention—a "leg guillotine"—at one of the meetings. Miss Caroline Mayes, giggling over the shenanigans, thrusts out a leg for demonstration. E. C. Jester, left, and Bert Allerton, right, objected to carving up such a curvacious gam, but that didn't stop the show.

Some Vets May Reinstate NSLI

Floyd D. Granger, veterans service officer, today called attention of all eligible veterans to an important section of the National Service Insurance Act, referring to the privilege of reinstatement of insurance by veterans who have allowed it to lapse, who have a disability incurred in or aggravated by active military or naval service.

This section provides that any person who had active service between October 8, 1940, and September 2, 1945, both dates inclusive, who is less than totally disabled, may have his insurance reinstated if he furnishes proof satisfactory to the Administrator that his inability to establish evidence of good helath is the result of an actually service incurred injury or disability in which case the requirement of proof of good health shall be waived.

Application for reinstatement under the provisions of this amendment must be made before January 1, 1950.

Legislation is before Congress to advance the deadline date of application to January, 1952, but as of this date no action has been taken in this direction. Therefore veterans less than totally disabled from a service incurred or aggravated disability, and who wish to reinstate their National Service Life Insurance, should make application before January 1, 1950, the present deadline for this privilege.

Application forms and assistance in completing them may be obtained at the Veterans Service Office in the courthouse, Redwood City.

Real Estate Class Now Open

A tuition-free class in real estate is now in session at Balboa Adult school, Onondaga and Cayuga avenues, Mission Adult School officials reported today.

This class prepares prospective real estate salesmen and brokers for the state examination. Also, it presents refresher material for people already engaged in the real estate business.

The class is in session Monday and Wednesday evenings from 7 to 9 p.m. There are still openings for all interested adults.

BOOKS

Horror, and the creeping fear that George Orwell speaks the truth about the ultimate end of man will gradually, almost too successfully overcome any reader of his newest book.

Ninteen Eighty-Four

In brilliant prose, Orwell traces the life of one Winston Smith, a young man who works in the ministry of truth in the state ruled by Big Brother. Somehow, Smith finds himself not all together in agreement with a state that preaches: War Is Peace, Freedom Is Slavery and Ignorance Is Strength.

With the purchase of a blank-paged diary, and just out of view of a telescreen that watches his every movement, Smith's rebellion begins. He writes the lines of a heretic: "Freedom," he scrawls "is the freedom to say that two plus two make four. If that is granted, all else follows."

Shortly afterwards he meets Julia, and defying the state that preaches love and sex are unclean and rebellion against order, he falls in love. The "triangle" is complete when he voices his rebellion to O'Brien, a fellow worker in the ministry of truth.

The end comes shortly afterwards when Smith finds that O'Brien is, in truth, a member of the Inner Order, that is, the ruling clique of the state.

And what an end. For this is a new state, not only anxious to preach two and two make five, but certain it can make the most rational man believe it to be true.

Smith is taught the "truth" through administration of torture, so grotesque yet so subtle as to leave one with the sickening dread that perhaps two and two after all do equal five.

Actually, of course, adding figures is only the basis of the whole state's new philosophy, for if a man is willing to accept, yes, even believe, that nature's laws no longer hold, he will believe anything.

Aside from the masterful story, **Nineteen Eighty-Four** has profound implications for our times. Everything Orwell sees as a reality tomorrow can be found in the embryo stage of our own society. And this is the message the author wishes to hand the reader. Beware, he says, of such things as over-centralization, putting the reigns of power in the hands of a few, accepting dogma that is counterdicted by morality, and a belief that war can solve anything.

Possibly, too, there can be found in the last section of the book one of the finest, realistic interpretations of man's desire to rule.

"Why," asks O'Brien, "Should we want power?"

Smith, thinking now as every communist, fascist, or belittler of man's own ability to rule himself, gives the accepted answer :

"You are ruling over us for our own good. You believe that human beings are not fit to govern themselves."

"No," says O'Brien, "The Party seeks power entirely for its own sake. We are not interested in the good of others; we are interested soley in power. Not wealth, or luxury or long life or happiness; only power, pure power."

This statement, as the whole of

Nineteen Eighty-Four, is a lucid indictment of all states, politicians and international gangsters who hide behind the mask of benevolent saws and adages.

Orwell's book, a must on any thinking man's or woman's reading list, is now available at your Daly City library.

Rent Control Going Strong In Bay Area

What's happened in rent control in San Francisco Bay Defense-Rental Area during the first six months of operation under the 1949 Rent law?

The answers to this question were provided today by W. A. Bledsoe, local Area Rent director, in a summary of the actions of his office during the half year period since the new rent law went into effect last April 1.

First, Bledsoe said, a lot of landlords have applied for increases, as the law allows, and most of the requests have been granted. During the six-month period — April 1 through September 30, 1949 — 2,930 petitions for increases have been filed with the rent office. By the end of September, the San Francisco office had acted on 1,686 of these and granted an average per unit, per month increase of $9.81 in 71.5 per cent of the cases. This amounts to a 23 per cent increase over the former rents.

On the other hand Bledsoe pointed out, many tenants should be pleased about the overcharge refunds obtained for them by the local rent office. During the six months, 3,379 tenants filed complaints with the rent office and investigation disclosed that violations had occurred in about 83 per cent of the 2,832 cases investigated by the end of the half year period.

On evictions, Bledsoe explained that the 1949 rent law required landlords to file a copy of the eviction allowing the eviction on other grounds. During the six month ending September 30, area office investigation showed 95 per cent of the 1439 notices filed with it to be proper. Of 1289 applications for eviction certificates processed, 850 or 66 per cent were granted, Bledsoe said.

Part of the area under control on April 1 of this year has since been decontrolled, Bledsoe concluded. The housing expediter has removed controls from two areas on his own initiative — portins of Sonoma countly and Marin county.

County Recorder's Work Increases

Paper work is increasing for the county recorder's office. Last month 5,488 papers were handled by that department as compared to 4,842 for October, 1948.

A correspondingly greater amount of fees was also collected. $15,211 for last month as compared to $13,059 for the same month one year ago.

Only "Dan Cupid" seemed less active during October, 1949, than one year ago. Some 101 marriage licenses were issued last month, while in 1948 there were 115 issued.
